Peary's Arctic Quest Apr 16 2021 This richly illustrated book takes a different angle on Robert E. Peary's North Pole expedition. By shifting the focus away from the unanswerable question of whether he truly reached 90° North Latitude, the authors shed light on equally important stories and discoveries that arose as a result of the infamous expedition. Peary's Arctic Quest ventures beyond the well-cited story of Peary's expedition and uncovers the truth about race relations, womens' scientific contributions, and climate change that are still

relevant today. Readers will gain a greater appreciation for Peary's methodical and creative mind, the Inughuit's significant contributions to Arctic exploration, and the impact of Western expedition activity on the Inughuit community. The volume will also feature artifacts, drawings, and historic photographs with informative captions to tell little-known stories about Peary's 1908-1909 North Pole expedition.

Shenandoah 1862 Jun 06 2020 One of the most intriguing and storied episodes of the Civil War, the 1862 Shenandoah Valley Campaign has heretofore been related only from the

Confederate point of view. Moving seamlessly between tactical details and analysis of strategic significance, Peter Cozzens presents a balanced, comprehensive account of a campaign that has long been romanticized but little understood. He offers new interpretations of the campaign and the reasons for Stonewall Jackson's success, demonstrates instances in which the mythology that has come to shroud the campaign has masked errors on Jackson's part, and provides the first detailed appraisal of Union leadership in the Valley Campaign, with some surprising conclusions.

Backpacker Dec 13 2020 Backpacker brings the outdoors straight to the reader's doorstep,

inspiring and enabling them to go more places and enjoy nature more often. The authority on

active adventure, Backpacker is the world's first GPS-enabled magazine, and the only

magazine whose editors personally test the hiking trails, camping gear, and survival tips

they publish. Backpacker's Editors' Choice Awards, an industry honor recognizing design,

feature and product innovation, has become the gold standard against which all other outdoor- industry awards are measured.
