**On Fire** Jul 23 2022 In the bestselling tradition of **Brene Brown's** **Daring Greatly** and **Nick Vujicic's** **Life Without Limits** comes a rousing 7-step plan for living a life on fire, filled with hope and possibility—from an inspirational speaker who survived a near-fatal fire at the age of nine and now runs a successful business inspiring people all around the world. When **John O'Leary** was nine years old, he was almost killed in a devastating house fire. With burns on one hundred percent of his body, **O'Leary** mustered an almost unimaginable amount of inner strength just to survive the ordeal. The insights he gained through this experience and the heroes who stepped into his life to help him through the journey—his family, the medical staff, and total strangers—changed his life. Now he is committed to living life to the fullest and inspiring others to do the same. An incredible and emotionally honest account of triumph over tragedy, **On Fire** contains **O'Leary's** reflections on being that little boy, the life-giving choices made then, and the resulting lessons he learned. **O'Leary** very clearly shares that without the right people providing the right guidance, at the right time, he never would have made it through those five months in the hospital, let alone the years that followed as he struggled to regain mobility, embrace his story, and ignite clarity of his life's purpose. **On Fire** encourages us to seize the power to choose our path and transform our lives from mundane to extraordinary. Once we stop thinking solely on the big moments in our lives, we can begin to focus on those smaller opportunities that tend to pass us by. These are the events—the inflection points in our lives—that can determine how we feel about life now, where we are headed in the future, and how many lives we can impact along the way. We can't always choose the path we walk, but we can choose how we walk it. Empowering, inspiring, remarkably honest, and heartfelt, **O'Leary's** strength and incredible spirit shine through on every page.

*O'Leary Years* Apr 08 2021 The O'Leary Years charts the rise and fall of **Leeds United** at the turn of the 21st century. When **David O'Leary** took the managerial reins from taskmaster **George Graham**, he promoted a gifted crop of youngsters into the first team, transforming a well-oiled machine into a free-flowing bundle of joy. This often-scorned club enjoyed popularity like never before, but things are never straightforward at **Elland Road**. Criminal charges against star players, the tragic murders of fans, a perpetual injury curse and a 'spend, spend, spend' attitude eventually brought the club to its knees - but not before it was one match from reaching its holy goal: a European Cup final rematch with **Bayern Munich**. The journey lasted four seasons, each one a rollercoaster, and the story is told through the memories and match reports of the author, from a 14-year-old travelling the country with his dad, to an 18-year-old on the bus with his mates, with nostalgic tales of the good old days along the way.

**The Great Chicago Fire and the Myth of Mrs. O'Leary's Cow** Nov 15 2021 The Great Chicago Fire of 1871 swallowed up more than three square miles in two days, leaving thousands homeless and 300 dead. Throughout history, the fire has been attributed to **Mrs. O'Leary**, an immigrant Irish milkmaid, and her cow. On one level, the tale of **Mrs. O'Leary's** cow is merely the quintessential urban legend. But the story also represents a means by which the upper classes of Chicago could blame the fire's chaos on a member of the working poor. Although that fire destroyed the official county documents, some land tract records were saved. Using this and other primary source information, **Richard F. Bales** created a scale drawing that reconstructed the O'Leary neighborhood. Next he turned to the transcripts—more than 1,100 handwritten pages—from an investigation conducted by the Board of Police and Fire Commissioners, which interviewed 50 people over the course of 12 days. The board's final report, published in the Chicago newspapers on December 12, 1871, indicates that commissioners were unable to determine the cause of the fire. And yet, by analyzing the 50 witnesses' testimonies, the author concludes that the commissioners could have determined the cause of the fire had they desired to do so. Being more concerned with saving their own reputation from post-fire reports of incompetence, drunkenness and bribery, the commissioners failed to press forward for an answer. The author has uncovered solid evidence as to what really caused the Great Chicago Fire.

**R. D. O'Leary (1866–1936)** Feb 18 2022 Over the span of forty years, Professor **Raphael Dorman O'Leary** labored tirelessly to make his students understand the importance of originality and of apt expression in English composition. He especially loved words well chosen and dared his students to put beauty and smoothness and sinew into their sentences. He tried passionately to make them feel the dignity and the majesty of the English language at its best. When he died after a short illness in 1936, his personal effects passed among descendants until finally coming to rest with **Dennis O'Leary** and his spouse, **Margaret**, who discovered them in a poor condition while restoring a family home. Amid Professor O'Leary's papers was his handwritten journal from the year 1914 to 1915. The journal displays the full measure of **R. D. O'Leary** in his myriad academic, social, political, and religious experiences at the University of Kansas atop **Mount Oread**; in the adjacent city of **Lawrence, Kansas**; and while traveling to rural Kansas during the summer months and to **Minneapolis, Minnesota**, in the dead of winter. Throughout his journal, Professor O'Leary portrays with humor and pathos his encounters with students, colleagues, his spouse, his three sons, his mother, shopkeepers, religious zealots, pro-German zealots, anti-German zealots, drayers, Pullman conductors, bankers, politicians, publishers, educated spinners, and garden wasps, while vividly describing cold classrooms, interminable whist parties, trilling sopranos, Kansas football games, and Lawrence seed stores. **R. D. O'Leary (1866–1936): Notes from Mount Oread 1914–1915** is a fascinating glimpse into the life and times of a revered English professor, half way through his forty years of teaching at the University of Kansas.

*The Gift* Jan 17 2022 **Daniell** suck at relationships and don't trust anyone, but there are reasons for that. For one thing, every person I've ever cared about has let me down. The only recent exception: **O'Leary's** town veterinarian...my new best friend.I came to **O'Leary** for a fresh start. To pare things down to essentials. To forget about the failures in my past. The last thing I need is complications, and most definitely **Not.A.Boyfriend**.**Julian**I've lived in **O'Leary** my entire life and learned to fly under the radar a long time ago. I do what's expected, say what's expected, and keep to myself as much as possible. It's a hell of a lot simpler spending my time working with animals than trying to interact with actual people. The one unlikely exception: the gorgeous guy who moved to a cabin just outside of town and somehow became my best friend. But friendships are complicated, and one morning I find myself accidentally telling the whole town the biggest lie of my life. Which is how **Daniel Michaelson**, my very straight, very hot best friend becomes my fake boyfriend, even though he's most definitely **Not.My.Lover**.

**Accountable** Feb 24 2020 "Uses a combination of great stories and thoughtful analysis to suggest that we must find a way to change the purpose of our corporations if we are to build a society that works for all of us. **Rebecca M. Henderson**, **John & Natty McArthur** University Professor at Harvard University "Fresh, balanced, highly readable and deeply informed" **John Pepper**, former Chairman and CEO of **P&G** "Thought-provoking and insightful, **Accountable** offers a pragmatic and original roadmap to transform capitalism into a system that's more inclusive, sustainable, and just." **Dr. Rajiv J. Shah**, President of **The Rockefeller Foundation** Capitalism is failing and the tools we are relying on to fix it - corporate social responsibility, divestment, impact investing, and government control - are only making things worse.

-Chevron boasts about the \$50 million per year it spends on renewable energy whilst it spends 200 times that on oil exploration -Goldman Sachs touts its 10,000 Women initiative but its board ranks 358th out of the Fortune 500 for gender diversity and women earn 55% less than men do on average By focusing on corporations rather than people, we've put our faith in empty trends and brand-focused window-dressing. Why should those responsible for our current crisis be trusted to fix it? In *Accountable*, authors Michael O'Leary and Warren Valdmans offer a blueprint for everyone to take responsibility for using their economic power as consumers, as investors, as employees, and as voters to trigger a fundamental shift away from an economy that is unethical, unfair, and destructive to our environment and institutions. Their investigation cuts through the tired dogma of current economic thinking to reveal a hopeful truth: if we can make our corporations accountable to a deeper purpose, we can make capitalism both prosperous and good. Treachant and gripping, this is an indispensable guide and call to action for citizens to take control of our economic power and hold corporations to a higher standard.

As the farm slips ever closer to ruin, James O'Leary grows more desperate. **MRS. O'LEARY'S COW** Aug 12 2021 Why would an alcoholic Chicago homicide detective question the motives of a drummer from a freshly signed rock-blues band? Why does he keep interviewing an elderly widower with dementia? What are an identity-concealing stripper, a bisexual kleptomaniac, a suicidal hot dog cart vendor, a Catholic priest, a well-traveled bluesman with the world's most horrific stutter, and a leggy bartender with a crescent-shaped scar on her pretty face hiding from him? These are the people Detective Carter Woodbine must drink in to solve the mystery in *Mrs. O'Leary's Cow*. The gumshoe searches for answers at an Irish pub where he sifts through the gri of its patrons and occasionally finding flecks of gold. Among his digging for truths, he unearths enigmas buried deeply within the soil of these people of interest, and even some of his own. But will all the digging and dirt lead to somewhere other than his own grave? *Mrs. O'Leary's Cow* is much more than a detective quest; it's a reflection of the great city of Chicago and its people during the two days leading up to Christmas.

*In Awe* Apr 20 2022 NATIONAL BESTSELLER • The #1 bestselling author of *On Fire* shows us how to recapture and harness our childlike sense of wonder in order to become more engaged, successful, and fulfilled. "Engaging . . . O'Leary encourages us to see the world through a child's eyes."—Mitch Albom, author of *Tuesdays with Morrie* There once was a time when we joyfully raised our hands to answer questions, connected easily with others, believed that anything was possible, and fearlessly jumped into new experiences. A time when we viewed each day not as something to endure, but as a marvelous gift to explore and savor—when we danced through our lives in awe of the ordinary moments and eager for the promise of tomorrow. Unfortunately, that's far from our experience today. Instead, we feel disconnected and jaded. Social media reminds us that we don't measure up, and the mainstream media barrages us with constant negativity. Many of us find ourselves caught in a life of dogged responsibility and mind-numbing repetition. The daily struggle to earn a living has caused us to lose the sense of wonder with which we once greeted every day. In his new book, bestselling author John O'Leary invites us to consider that it is possible to once again navigate the world as a child does. Identifying five senses children innately possess and that we've lost touch with as we age, O'Leary shares emotional, humorous, and inspirational stories intertwined with fascinating new research showing how each of us can reclaim our childlike joy, and why doing so will change how we interact with the world. *In Awe* reveals how we can regain that ability to see fresh insights, reach for new solutions, and live our best lives.
