[Lights Out](#) Nov 02 2022 How could General Electric--perhaps America's most iconic corporation--suffer such a swift and sudden fall from grace? This is the definitive history of General Electric's epic decline, as told by the two Wall Street Journal reporters who covered its fall. Since its founding in 1892, GE has been more than just a corporation. For generations, it was job security, a solidly safe investment, and an elite business education for top managers. GE electrified America, powering everything from lightbulbs to turbines, and became fully integrated into the American societal mindset as few companies ever had. And after two decades of leadership under legendary CEO Jack Welch, GE entered the twenty-first century as America's most valuable corporation. Yet, fewer than two decades later, the GE of old was gone. Lights Out examines how Welch's handpicked successor, Jeff Immelt, tried to fix flaws in Welch's profit machine, while stumbling headlong into mistakes of his own. In the end, GE's traditional win-at-all-costs driven culture seemed to lose its direction, which ultimately caused the company's decline on both a personal and organizational scale. Lights Out details how one of America's all-time great companies has been reduced to a cautionary tale for our times.

[Capitalism without Capital](#) Dec 23 2021 Early in the twenty-first century, a quiet revolution occurred. For the first time, the major developed economies began to invest more in intangible assets, like design, branding, and software, than in tangible assets, like machinery, buildings, and computers. For all sorts of businesses, the ability to deploy assets that one can neither see nor touch is increasingly the main source of long-term success. But this is not just a familiar story of the so-called new economy. Capitalism without Capital shows that the growing importance of intangible assets has also played a role in some of the larger economic changes of the past decade, including the growth in economic inequality and the stagnation of productivity. Jonathan Haskel and Stian Westlake explore the unusual economic characteristics of intangible investment and discuss how an economy rich in intangibles is fundamentally different from one based on tangibles. Capitalism without Capital concludes by outlining how managers, investors, and policymakers can exploit the characteristics of an intangible age to grow their businesses, portfolios, and economies.

[Life on Planet Earth Before the Fall of Satan](#) May 28 2022 The author assumes 2 creation events, the second necessitated by the destruction of life on the Earth caused by the fall of Satan. He seeks to validate his theory by looking at the archeological evidence of the earliest events on Earth, including human footprints and tools found in the same strata as dinosaur fossils.

[Barbarians at the Gates](#) Jul 18 2021 The Federation has endured for hundreds of years, but now it is dying, killed by the corruption and decadence of the Senate and the rising power of military warlords. The shipping lanes are coming apart, the colonists are revolting and outside forces are pressing against undefended borders. Now, as one warlord makes a bid for supreme power, the entire edifice is on the verge of falling apart. Two officers, bearers of a proud military tradition, may be all that stands between the Federation and total destruction. For Admiral Marius Drake, there is no greater cause than the survival of humanity's prized unity. For the young and ambitious Roman Garibaldi, the growing civil war offers a chance of promotion far beyond the usual boundaries. Together, they will save the Federation or die trying. But with the Senate suspicious of any competent commanding officers, their success may condemn them to an inglorious death.

[Educated](#) Dec 11 2020 #1 NEW YORK TIMES, WALL STREET JOURNAL, AND BOSTON GLOBE BESTSELLER • One of the most acclaimed books of our time: an unforgettable memoir about a young woman who, kept out of school, leaves her survivalist family and goes on to earn a PhD from Cambridge University "Extraordinary . . . an act of courage and self-invention."—The New York Times NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY THE NEW YORK TIMES BOOK REVIEW • ONE OF PRESIDENT BARACK OBAMA'S FAVORITE BOOKS OF THE YEAR • BILL GATES'S HOLIDAY READING LIST • FINALIST: National Book Critics Circle's Award In Autobiography and John Leonard Prize For Best First Book • PEN/Jean Stein Book Award • Los Angeles Times Book Prize Born to survivalists in the mountains of Idaho, Tara Westover was seventeen the first time she set foot in a classroom. Her family was so isolated from mainstream society that there was no one to ensure the children received an education, and no one to intervene when one of Tara's older brothers became violent. When another brother got himself into college, Tara decided to try a new kind of

life. Her quest for knowledge transformed her, taking her over oceans and across continents, to Harvard and to Cambridge University. Only then would she wonder if she'd traveled too far, if there was still a way home. "Beautiful and propulsive . . . Despite the singularity of [Westover's] childhood, the questions her book poses are universal: How much of ourselves should we give to those we love? And how much must we betray them to grow up?"—Vogue NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Washington Post • O: The Oprah Magazine • Time • NPR • Good Morning America • San Francisco Chronicle • The Guardian • The Economist • Financial Times • Newsday • New York Post • theSkimm • Refinery29 • Bloomberg • Self • Real Simple • Town & Country • Bustle • Paste • Publishers Weekly • Library Journal • LibraryReads • Book Riot • Pamela Paul, KQED • New York Public Library

The Decline and Fall of the Roman Empire Jan 30 2020

The Gates of Europe Mar 26 2022 A New York Times bestseller, this definitive history of Ukraine is "an exemplary account of Europe's least-known large country" (Wall Street Journal). As Ukraine is embroiled in an ongoing struggle with Russia to preserve its territorial integrity and political independence, celebrated historian Serhii Plokhy explains that today's crisis is a case of history repeating itself: the Ukrainian conflict is only the latest in a long history of turmoil over Ukraine's sovereignty. Situated between Central Europe, Russia, and the Middle East, Ukraine has been shaped by empires that exploited the nation as a strategic gateway between East and West—from the Romans and Ottomans to the Third Reich and the Soviet Union. In *The Gates of Europe*, Plokhy examines Ukraine's search for its identity through the lives of major Ukrainian historical figures, from its heroes to its conquerors. This revised edition includes new material that brings this definitive history up to the present. As Ukraine once again finds itself at the center of global attention, Plokhy brings its history to vivid life as he connects the nation's past with its present and future.

Why We Sleep Apr 26 2022 "Sleep is one of the most important but least understood aspects of our life, wellness, and longevity ... An explosion of scientific discoveries in the last twenty years has shed new light on this fundamental aspect of our lives. Now ... neuroscientist and sleep expert Matthew Walker gives us a new understanding of the vital importance of sleep and dreaming"--Amazon.com.

The Fall of Moscow Station Mar 14 2021 When the Moscow Station is left in ruins after a major intelligence breach, CIA analyst Jonathan Burke and agent Kyra Stryker are fast on the trail of Alden Maines, an upper-level CIA officer whose defection coincides with the murder of the director of Russia's Foundation for Advanced Nuclear Research.

The History of the Decline and Fall of the Roman Empire Jan 12 2021 In judging the 'The History of the Decline and Fall of the Roman Empire' it should carefully be observed that it falls into two parts which are heterogeneous in the method of treatment. The first part, a little more than five-eighths of the work, supplies a very full history of 460 years (A.D. 180-641); the second and smaller part is a summary history of about 800 years (A.D. 641-1453) in which certain episodes are selected for fuller treatment and so made prominent. To the first part unstinted praise must be accorded; it may be said that, with the materials at the author's disposition, it hardly admitted of improvement, except in trifling details. But the second, notwithstanding the brilliancy of the narrative and the masterly art in the grouping of events, suffers from a radical defect which renders it a misleading guide. The author designates the story of the later empire at Constantinople (after Heraclius) as "a uniform tale of weakness and misery," a judgment which is entirely false; and in accordance with this doctrine, he makes the empire, which is his proper subject, merely a string for connecting great movements which affected it, such as the Saracen conquests, the Crusades, the Mongol invasions, the Turkish conquests. He failed to bring out the momentous fact that up to the 12th century the empire was the bulwark of Europe against the East, nor did he appreciate its importance in preserving the heritage of Greek civilization. He compressed into a single chapter the domestic history and policy of the emperors from the son of Heraclius to Isaac Angelus; and did no justice to the remarkable ability and the indefatigable industry shown in the service of the state by most of the sovereigns from Leo III. to Basil II. He did not penetrate into the deeper causes underlying the revolutions and palace intrigues. His eye rested only on superficial characteristics which have served to associate the name "Byzantine" with treachery, cruelty, bigotry and decadence. It was reserved for Finlay to depict, with greater knowledge and a juster perception, the lights and shades of Byzantine history. Thus the later part of the *Decline and Fall*, while the narrative of certain episodes will always be read with profit, does not convey a true idea of the history of the empire or of its significance in the history of Europe. It must be added that the pages on the Slavonic peoples and their relations to the empire are conspicuously insufficient; but it must be taken into account that it was not till many years after Gibbon's death that Slavonic history began to receive due attention, in consequence of the rise of competent scholars among the Slavs themselves. This is volume five out of twelve.

How to Prevent the Next Pandemic Dec 31 2019 From the author of the #1 New York Times best seller *How to Avoid a Climate Disaster: The COVID-19 pandemic isn't over, but even as governments around the world strive to put it behind us, they're also starting to talk about what happens next. How can we prevent a new pandemic from killing millions of people and devastating the global economy? Can we even hope to accomplish this? Bill Gates believes the answer is yes, and in this book he lays out clearly and convincingly what the world should have learned from COVID-19 and what all of us can do to ward off another disaster like it. Relying on the shared knowledge of the world's foremost experts and on his own experience of combating fatal diseases through the Gates Foundation, he first helps us understand the science of infectious diseases. Then he shows us how the nations of the world, working in conjunction with one another and with the private sector, can not only ward off another COVID-like catastrophe but also eliminate all respiratory diseases, including the flu. Here is a clarion call—strong, comprehensive, and of the gravest importance—from one of our greatest and most effective thinkers and activists.*

Gates of the Arctic National Park (N.P.) and Preserve, Wilderness Recommendation Aug 07 2020

The Unauthorized Guide To Doing Business the Bill Gates Way Jul 26 2019 Mega-mogul Bill Gates is quite simply the richest and most successful businessman of all time. Enemy at the Gates Apr 02 2020 The bloodiest battle in the history of warfare, Stalingrad was perhaps the single most important engagement of World War II. A major loss for the Axis powers, the battle for Stalingrad signaled the beginning of the end for the Third Reich of Adolf Hitler. During the five years William Craig spent researching the battle for Stalingrad, he traveled extensively on three continents, studying documents and interviewing hundreds of survivors, both military and civilian. This unique account is their story, and the stories of the nearly two million men and women who lost their lives.

Stricken at the Gates of Hades. By a Witness for Christ Sep 07 2020

History of England from the Fall of Wolsey to the Death of Elizabeth Aug 19 2021 First published between 1858 and 1870, this twelve-volume history argues that the English Reformation enabled modernity.

The Gates of Heaven Aug 26 2019 The evil sorcerer Markko has sworn to capture the last of Prince Llesho's brothers. If Markko succeeds, Llesho will not be able to save Thebin, or reopen the Gates of Heaven. As murder and dark magic threaten Llesho's alliances, he realizes his only chance lies in finding his brothers first. So begins a desperate hunt that will lead the prince from the slave market to a sea voyage fraught with perils, and an incredible discovery about the sorcerer who seems bent on his destruction.

Fall River Directory Nov 09 2020

How to Avoid a Climate Disaster Oct 09 2020 #1 NEW YORK TIMES BEST SELLER • In this urgent, authoritative book, Bill Gates sets out a wide-ranging, practical—and accessible—plan for how the world can get to zero greenhouse gas emissions in time to avoid a climate catastrophe. Bill Gates has spent a decade investigating the causes and effects of climate change. With the help of experts in the fields of physics, chemistry, biology, engineering, political science, and finance, he has focused on what must be done in order to stop the planet's slide to certain environmental disaster.

In this book, he not only explains why we need to work toward net-zero emissions of greenhouse gases, but also details what we need to do to achieve this profoundly important goal. He gives us a clear-eyed description of the challenges we face. Drawing on his understanding of innovation and what it takes to get new ideas into the market, he describes the areas in which technology is already helping to reduce emissions, where and how the current technology can be made to function more effectively, where breakthrough technologies are needed, and who is working on these essential innovations. Finally, he lays out a concrete, practical plan for achieving the goal of zero emissions—suggesting not only policies that governments should adopt, but what we as individuals can do to keep our government, our employers, and ourselves accountable in this crucial enterprise. As Bill Gates makes clear, achieving zero emissions will not be simple or easy to do, but if we follow the plan he sets out here, it is a goal firmly within our reach.

Parliamentary Papers May 16 2021

Life of George Washington Jun 24 2019

Why Nations Fail Oct 01 2022 Brilliant and engagingly written, *Why Nations Fail* answers the question that has stumped the experts for centuries: Why are some nations rich and others poor, divided by wealth and poverty, health and sickness, food and famine? Is it culture, the weather, geography? Perhaps ignorance of what the right policies are? Simply, no. None of these factors is either definitive or destiny. Otherwise, how to explain why Botswana has become one of the fastest growing countries in the world, while other African nations, such as Zimbabwe, the Congo, and Sierra Leone, are mired in poverty and violence? Daron Acemoglu and James Robinson conclusively show that it is man-made political and economic institutions that underlie economic success (or lack of it). Korea, to take just one of their fascinating examples, is a remarkably homogeneous nation, yet the people of North Korea are among the poorest on earth while their brothers and sisters in South Korea are among the richest. The south forged a society that created incentives, rewarded innovation, and allowed everyone to participate in economic opportunities. The economic success thus spurred was sustained because the government became accountable and responsive to citizens and the great mass of people. Sadly, the people of the north have endured decades of famine, political repression, and very different economic institutions—with no end in sight. The differences between the Koreas is due to the politics that created these completely different institutional trajectories. Based on fifteen years of original research Acemoglu and Robinson marshal extraordinary historical evidence from the Roman Empire, the Mayan city-states, medieval Venice, the Soviet Union, Latin America, England, Europe, the United States, and Africa to build a new theory of political economy with great relevance for the big questions of today, including: - China has built an authoritarian growth machine. Will it continue to grow at such high speed and overwhelm the West? - Are America's best days behind it? Are we moving from a virtuous circle in which efforts by elites to aggrandize power are resisted to a vicious one that enriches and empowers a small minority? - What is the most effective way to help move billions of people from the rut of poverty to prosperity? More philanthropy from the wealthy nations of the West? Or learning the hard-won lessons of Acemoglu and Robinson's breakthrough ideas on the interplay between inclusive political and economic institutions? *Why Nations Fail* will change the way you look at—and understand—the world.

Free Fall Sep 27 2019 "Michaels rewrites the rules of the revenge game" in this rousing thriller in the New York Times bestselling Sisterhood series, following *Lethal Justice* (Publishers Weekly). Sooner or later, the Sisterhood always gets their man . . . The loyal friends who make up the Sisterhood have gathered at Myra Rutledge's beautiful Virginia home for the first time in a year, eager to talk, laugh, and share their joys and heartaches. For one of their number, it's an evening filled with anticipation. Because tonight, over delicious food and in the company of those she trusts most, it will finally be time to tell her story—and for the Sisterhood to help plan her revenge. Yoko Akia's mother was only fifteen when a wealthy man swept her off her feet with promises of love. Instead, he filled her brief life with horror and misery. The Sisterhood has helped each other exact vengeance on rotten men before, but this time it's different. Their target is none other than America's favorite movie star—a brute who has conned the world into believing he's Mister Perfect. But he's about to learn that nobody—not even a powerful superstar—is above the Sisterhood's special brand of payback . . . Series praise "Spunky women who fight for truth, justice, and the American way."—*Fresh Fiction on Final Justice* "Readers will enjoy seeing what happens when well-funded, very angry women take the law into their own hands."—*Booklist on Weekend Warriors* "Delectable . . . deliver[s] revenge that's creatively swift and sweet, Michaels-style."—*Publishers Weekly on Hokus Pokus*

The Fall of Darkness Oct 28 2019 The most dangerous trials always hit when you're at your weakest. Every time Alexa puts herself back together, something worse hits her and sends her back to the bottom of the abyss. As she struggles to make sense of the pieces of her shattered life, a new threat emerges. Vampires, baseborn and trueborn alike, suddenly find themselves in mortal danger, a state they are poorly equipped to handle. Everyone turns to Alexa for a solution, but what can one broken girl achieve when she's faced with a power so great, it sends fear down her spine? With no time to recover from her turmoil and the fates of two worlds weighing her down, Alexa needs to find strength where none remains. If she fails, darkness falls. *The Fall of Darkness* concludes the thrilling vampire saga *Bad Blood*. If you like urban fantasy adventures, compelling characters, and high-stakes adventures, then you will love the explosive finale of Alina Popescu's vampire series. Buy *The Fall of Darkness* right now to discover the conclusion of the adventures and romances of your favorite characters.

Between the Gates Jun 16 2021
