Mechwarrior: Dark Age #25 Oct 31 2022 As Clan Wolf launches a daring campaign of reprisal against The Republic, three warriors will find their destinies intertwined on the field of battle, and in the fight for their futures. Alaric is a living legend among the Wolves. Fearless. Ruthless. Merciless. But his own lust for victory may mean his undoing, unless he learns to see beyond himself—and recognize what a true warrior fights for. Anastasia is a former Wolf Clan warrior, now leading a band of mercs against her former comrades. She knows that to lead, she must prove not only her ability, but her complete separation from the Wolves. And there is only one way for her to do so—in combat. . . . Verena is the new commander of a ragtag merc force. Her desire for greatness will uncover her own superior abilities, and draw her ever closer to a final confrontation in which mercy is unheard of—and only death awaits the unworthy.
