The Hand Jun 13 2021 The impression is not uncommon among readers that, however interesting they may be, the legendary stories which we no longer accept as true literally, and which often we know to be absurd and impossible, are entirely distinct from what we designate as history. This view of them is not at all satisfactory to the careful student. These tales as they have come down to us often have been rewritten and readapted to the beliefs and conditions of the various peoples of whose life and literature they have formed a part. We reject them as chronicles of actual events, but accept them as of great historical value in assisting us to determine the intellectual characteristics, social conditions, and moral standards at a time when a less skeptical, or differently educated, people confided in them. Believing then, that all legends, fables, and myths contain some germs of truth, and are invaluable sources of information to us, the author has made free use of them in these pages. Indeed, from them alone, sometimes, can be gained correct ideas of the true meaning and significance of rites and customs which still, in modified survivals, form an interesting and important part of our daily lives.

Pithy Precepts - Aspirations and Inspirations Aug 15 2021 A practicing pundit's take on two hundred topics, all distilled into a page or less. The basic idea of Pithy Precepts is to capture the author's thoughts on life, business and finance in a terse and entertaining format. Responding to questions from his offspring as well as their kids, author, entrepreneur and investor Pete Prestegaard gives his unabashed take on life, God, society, men and women, family, sex, kids, medicine, sports, starting a business, money, investing and retirement, plus more than 150 related topics. His ideas are presented in his usual terse and pointed manner, leaving little to interpret, with longer illustrative essays on several key entries. The overall concept is to provide input and serve as a guide for his and other families in the future. Included also are more than 100 crisp thoughts, poems and even prayers of other and five appendices with life assist and background setting information.

Stars And Moon Oct 05 2020 A man with "amnesia" woke up under the cliff. A diagram of "Nine Elements Clearing the Pass". Legend has it that it can make people transcend the mortal world and become saints. This was a miraculous Deathly Night Token, and it possessed an unbelievable amount of magic. A mysterious codename, "Five of Longevity", was actually the envoy of a civilization from outer space? An ordinary librarian, because of his fanatical love for ancient martial arts, was ordered by fate to travel to the ancient continent from two thousand years ago, where he began his wonderful and beautiful legendary life: Although he was not easy to gamble with, he had defeated the owner of the gambling house consecutively. Although he was not greedy for wealth, he had always been rich; although he was not a frivolous person, he had always formed feelings of confusion and love with different kinds of beauties; he was born easygoing, he first picked up a Sect Leader to do things and later became the commander of a large army. He forgot which martial skills he had learned, but by virtue of his talent, fortune, and hard practice, he had defeated the top experts one after another ...

Druidawn Nov 18 2021 *Druidawn* is an anthology series of fantasy/sci-fi stories written by young authors. These brilliant short stories take place on the planet *Druidawn*, a fantasy life preserve far from Earth, built by the Druids themselves and meant to be entirely human-free.

Manual for the Peacemaker Oct 29 2022 A thrilling retelling by master storyteller Jean Houston of the legendary exploits of the founder of the Iroquois Confederacy, known as the Peacemaker. Under his leadership they created a peaceful democracy among five tribes of Native peoples in the northeastern woodlands. This story has inspired American leaders from Benjamin Franklin to the present-day occupants of the White House, and is shown by Houston to be a potent guide to personal transformation and to the visioning of a peaceful world. Jean draws from the experiential workshops she leads, with the help of Margaret (Peggy) Rubin, to guide readers through group or individual exercises that "bring the story home."

Chinese Martial Arts Training Manuals Aug 27 2022 Secret training manuals, magic swords, and flying kung fu masters—these are staples of Chinese martial arts movies and novels, but only secret manuals have a basis in reality. Chinese martial arts masters of the past did indeed write such works, along with manuals for the general public. This collection introduces Western readers to the rich and diverse tradition of these influential texts, rarely available to the English-speaking reader. Authors Brian Kennedy and Elizabeth Guo, who coauthor a regular column for *Classical Fighting Arts* magazine, showcase illustrated manuals from the Ming Dynasty, the Qing Dynasty, and the Republican period. Aimed at fans, students, and practitioners, the book explains the principles, techniques, and forms of each system while also placing them in the wider cultural context of Chinese martial arts. Individual chapters cover the history of the manuals, Taiwanese martial arts, the lives and livelihoods of the masters, the Imperial military exams, the significance of the Shaolin Temple, and more. Featuring a wealth of rare photographs of great masters as well as original drawings depicting the intended forms of each discipline, this book offers a multifaceted portrait of Chinese martial arts and their place in Chinese culture.
