[Png](#) Sep 20 2021 'One of a kind. Utterly fantastic.' Eoin Colfer on Tin David and Penny's strange new home is surrounded by forest. It's the childhood home of their mother, who's recently died. But other creatures live here ... magical creatures, like tiny, hairy Pog. He's one of the First Folk, protecting the boundary between the worlds. As the children explore, they discover monsters slipping through from the place on the other side of the cellar door. Meanwhile, David is drawn into the woods by something darker, which insists there's a way he can bring his mother back ...

[Know it All, Find it Fast for Youth Librarians and Teachers](#) Sep 08 2020 A brand new version of the best-selling enquiry desk reference text, Know it All, Find it Fast, specifically designed for those working with children and young people in schools, public libraries and at home. Including an invaluable overview of the education system and the school curriculum as well as a comprehensive listing of useful resources by topic, this A-Z covers school subjects from science and maths to reading and literacy, and more general themes such as children's health, wellbeing and hobbies. Each topic is broken down into useful sections that will help to guide your response; Typical questions outline common queries such as 'Have you got any information about volcanoes?' Considerations provides useful hints and tips i.e. 'Geography now encompasses not only physical and human geography but also environmental geography, social geography, geology and geopolitics.' Where to look lists relevant printed, digital and online resources with useful annotations explaining their scope and strengths Readership: This is the must-have quick reference tool arming librarians and teachers with the knowledge to deal with any queries thrown at them from children and young people as well as their parents and caregivers. It will also be a handy reference for parents and anyone working with children and young people in other organizations such as homework clubs and youth workers.

[The Online Tutor's Toolkit](#) Jan 01 2020 This book contains everything you need to know to get started as an online tutor. It covers the essentials of tutoring, choosing your tech and software, managing homework, and getting set up alongside detailed guidance focusing on each level of tuition. With techniques developed through research and first-hand experience, the author explains exactly how to turn existing subject knowledge into effective tutoring for students of all ages in a variety of subjects. Divided into two parts, the first answers the logistical questions facing every new tutor such as: what equipment do I need? Where can I apply? How much should I charge? The second half focuses on how to tutor different age groups effectively and subject-specific areas including English, Maths, and Science, as well as the author's tried-and-tested '5 step' process for choosing a subject, assessing a student, and planning their first lessons. There is also information on how to support students writing personal statements and applying to university, as well as teaching English as a Second Language. Alongside tailored, up-to-date information on available software, hardware, exam specifications, and the online tutoring marketplace, the book contains a 10-week timetable of adaptable lesson plans so new tutors can get started immediately. Finally, there are two additional downloadable chapters which expand on less common subjects and another which includes a digital download of every resource from the book. With suggestions for resources, homework, and timings to support you at every stage, this is an essential read for anyone wanting to succeed as an online tutor.
