Save It For Ya Momma Nov 14 2021 *Save It for Ya Momma*, is a gripping tale about the crippling effects a mother's love or lack thereof can have on a person's entire life. The story centers around Kenya Curtis, a beautiful, young African-American female, who has been blessed with a successful career, loving friends, and a very sexy and supportive husband named Malik. Even though Kenya is living what many would consider a fairytale life, she is haunted by the terrible ills she suffered as a child, at the hands of her depraved stepfather Lech Henderson. In addition, Kenya is carrying around some severe emotional scars, which stem from her mother's reluctance to adequately protect her when she was young. Unfortunately for Kenya and everyone who knows her these deep-rooted feelings of abandonment impact every single relationship that she has. That is until fate steps in and deals her and her family an unexpected and ultimately life changing blow.

In Aeternum: A Box Set Nov 21 2019 *Casanova in Training* A woman who is all about rules and a man who lives to break them, their scorching passion threatens all they hold dear. Can they find a way to have it all? Lieutenant Commander Giovanni 'Casanova' Cassano is a top test pilot for the military, and is the epitome of an ace. Cocky, arrogant, handsome, and true to his call sign. His best friend's death brings a new pilot to his squadron—a woman. That's not even the real reason it's hard—she's the one who left an indelible imprint on his soul after a twenty-four hour rendezvous. Now she seems to have ice in her veins, not the fiery passion he knows rages beneath the surface. Jaydee 'Dusti' Amos is following orders, and this time they have landed her at a test facility. She's there to ascertain what caused the deadly B-2 crash. The situation becomes harder once she discovers who is stationed there—the one man she never believed she'd see again after their impulsive and passionate encounter. He pulls her focus from the job at hand and tends to make her break the stringent rules she lives her life by. They work together to unveil the truth and the feelings between them deepen. But there is a traitor in their midst. Will the fallout tear them apart, or will Gio find some way to convince Jaydee to give him a chance at forever? *Harbour of Refuge* What happens in Monte Carlo stays...with you forever...well, if you're one of the lucky ones. Enzo Cassano is the driver of a powerboat team, used to the fast life and all it includes—women, parties and popularity. Until the race in Monte Carlo when he meets a woman who is unlike any he's met before. Her small town values and almost innocent ways charm him beyond everything. He discovers, however, that beneath her exterior she's very firm in her beliefs and won't budge. Halyn Jennings maybe from a small town but she knows a player when she sees one and Enzo is definitely that. She doesn't mind—she still likes him and enjoys spending time with him, well aware that what is happening between them is most likely temporary. She's not the supermodel type he's accustomed to being with. Enzo's life is turned upside down by an unexpected visitor from his past, he has to learn to accept racing isn't everything and not everyone wants to be the centre of attention. Halyn's own past comes to light in a most harsh revelation and he discovers things aren't always so easy. Will he be able to find a way to break back through her barriers and prove to her she's the one he wants, for forever? *Protected by Shadows* She's everything he wants and all he knows he shouldn't have...when danger strikes will he give it all up or is he doomed to live the rest of his life without her? *Valentino Cassano* is a man who lives in shadows, lies and secrets.

He works for a group that he can't tell anyone about. When the ugliness from that world affects the woman he's had a thing with for a few years, he refuses to let her face it alone. Lexy Camden loves her life as a veterinarian. However when everything gets turned upside down and Valentino inserts himself into routine for more than a few days things get complicated...fast. The feelings she'd been ignoring for so long won't give her a moment's peace. As the danger to her escalates, and part of Valentino's past comes out, will they have a chance to be a real couple or will it all be shattered with the simple pull of a trigger? Valentino has lost a lot and has no plans to do so again, now if he can just convince Lexy to give him another shot. Polar Opposites Despite differences and difficulties, love is always capable of finding a way to take root and bloom. Ivan Vinokourov w

Lemon-Aid New Cars and Trucks 2011 Jan 04 2021 As U.S. and Canadian automakers and dealers face bankruptcy and Toyota battles unprecedented quality-control problems, Lemon-Aid guides steer the confused and anxious buyer through the economic meltdown unlike any other car-and-truck books on the market. Phil Edmonston, Canada's automotive "Dr. Phil" for more than 40 years, pulls no punches. In this all-new guide he says: Chrysler's days are numbered with the dubious help of Fiat. Electric cars and ethanol power are PR gimmicks. Diesel and natural gas are the future. Be wary of "zombie" vehicles: Jaguar, Land Rover, Saab, and Volvo. Mercedes-Benz – rich cars, poor quality. There's only one Saturn you should buy. Toyota – enough apologies: "when you mess up, 'fess up."

Corvette Stingray Jun 28 2020 The officially licensed Corvette Stingray: The Mid-Engine Revolution chronicles the full development story behind Chevrolet's re-imagined sports car with an engaging, detailed text and photography from GM's archives and Corvette team members. Corvette is Chevrolet's iconic performance car. Its importance to the brand cannot be overstated. Thus each new generation is sweated by Chevy's designers, engineers, marketing staff, and executives to ensure that it sets the bar higher than the preceding version. With the eighth generation, Chevrolet has done more than raise the bar or move the goalpost—they've torn down the stadium and started from scratch. For the first time ever in a production version, the new Corvette features a mid-engine configuration. Though Corvette engineers have experimented with this engine placement over the past several decades, 2020 marks the first time GM has committed it to production cars. Corvette already had prodigious power on tap, but its front-engine configuration put some limitations on its handling and traction. The new mid-engine Corvette eliminates any final performance barriers and takes the battle to supercar rivals like Ferrari, Lamborghini, and McLaren. It's the story every Corvette fan needs to read.
