Achtung-Panzer! Apr 20 2022 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

365 Planner 2020 Oct 22 2019 365 planners 2019 440 pages - Dec 1st 2019 - Jan 31st 2021 Large planner Including: 2019 - 2020 Year overview Notes section at front a of planner Page per day including: - Priorities, To do, Notes section on each day Notes section at back of planner Our journals and planners are great for popping in your bag or having in your workspace or desk at home to grab when that special little thought comes to you and ensure you get the things you think about done! Suitable to be used with most media, pencils, pens, watercolours, pastels and perfect for creating collages and artwork ideas. Please note felt tips and markers may bleed.

The Fair Fight Jun 22 2022 NAMED A BEST BOOK OF THE YEAR BY BOOKPAGE AND LIBRARY JOURNAL The Crimson Petal and the White meets Fight Club: A page-turning novel set in the world of female pugilists and their patrons in late eighteenth-century England. Moving from a filthy brothel to a fine manor house, from the world of street fighters to the world of champions, The Fair Fight is a vivid, propulsive historical novel announcing the arrival of a dynamic new talent. Born in a brothel, Ruth doesn't expect much for herself beyond abuse. While her sister's beauty affords a certain degree of comfort, Ruth's harsh looks set her on a path of drudgery. That is until she meets pugilist patron George Dryer and discovers her true calling—fighting bare knuckles in the prize rings of Bristol. Manor-born Charlotte has a different cross to bear. Scarred by smallpox, stifled by her social and romantic options, and trapped in twisted power games with her wastrel brother, she is desperate for an escape. After a disastrous, life-changing fight sidelines Ruth, the two women meet, and it alters the perspectives of both of them. When Charlotte presents Ruth with an extraordinary proposition, Ruth pushes dainty Charlotte to enter the ring herself and learn the power of her own strength. A gripping, page-turning story about people struggling to transcend the circumstances into which they were born and fighting for their own places in society, The Fair Fight is a raucous, intoxicating tale of courage, reinvention, and fighting one's way to the top.

[Weird Carolinas](#) Jan 05 2021 Take a walk on the WEIRD side, Carolina-style! What makes the Carolinas--North and South--so strange, spooky, wild, and wacky? Follow former Charleston resident Roger Manley and find out: Spanish moss reaches out from dark trees on lonely roads, the Great Dismal Swamp shelters unknown beasts, the coastline is marked with hidden inlets where pirates buried treasures and German U-boats prowled. And it's rumored the Devil has Tramping Grounds in both states! We promise, it's an adventure you'll never forget.

I Am Leaper May 29 2020

[Randiana](#) Mar 27 2020 Randiana, or Excitable Tales is an anonymously written erotic novel originally published by William Lazenby in 1884. The book depicts a variety of sexual activities, including incest, defloration and lesbianism.

Angels and Demons in Art May 09 2021 This sumptuously illustrated volume analyzes artists' representations of angels and demons and heaven and hell from the Judeo-Christian tradition and describes how these artistic portrayals evolved over time. As with other books in the Guide to Imagery series, the goal of this volume is to help contemporary art enthusiasts decode the symbolic meanings in the great masterworks of Western Art. The first chapter traces the development of images of the Creation and the Afterworld from descriptions of them in the Scriptures through their evolution in later literary and philosophical works. The following two chapters examine artists' depictions of the two paths that humans may take, the path of evil or the path of salvation, and the punishments or rewards found on each. A chapter on the Judgment Day and the end of the world explores portrayals of the mysterious worlds between life and death and in the afterlife. Finally, the author looks at images of angelic and demonic beings themselves and how they came to be portrayed with the physical attributes--wings, halos, horns, and cloven hooves--with which we are now so familiar. Thoroughly researched by and expert in the field of iconography, Angels and Demons in Art will delight readers with an interest in art or religious symbolism.

Children are sure to get hooked on the escapades summarized in a lucid manner.

Voodoo River Aug 24 2022 Elvis Cole finds himself deep in the bayou of Louisiana searching for the estranged parents of a television star -- but something deadly is looking for him. L.A. private eye Elvis Cole is hired by popular television star Jodie Taylor to delve into her past and identify the biological parents who gave her up for adoption thirty-six years before. Cole's assignment is to find out their biological history and report back. It seems all too clear cut. But when he gets to Louisiana and begins his search, he finds that there's something much darker going on. Other people are also looking for Taylor's parents, and some are ending up dead. And when Cole realizes that his employer knew more than she was telling, Voodoo River becomes a twisting tale of identity, secrets, and murder.

Beautiful Savage Mar 19 2022

Weird But True 1: Expanded Edition Jul 11 2021 Offers a collection of true facts about animals, food, science, pop culture, outer space, geography, and weather.

Informed Societies Feb 06 2021 This book explains how and why information literacy can help to foster critical thinking and discerning attitudes, enabling citizens to play an informed role in society and its democratic processes. In early 21st century societies, individuals and organisations are deluged with information, particularly online information. Much of this is useful, valuable or enriching. But a lot of it is of dubious quality and provenance, if not downright dangerous. Misinformation forms part of the mix. The ability to get the most out of the information flow, finding, interpreting and using it, and particularly developing a critical mindset towards it, requires skills, know-how, judgement and confidence - such is the premise of information literacy. This is true for many aspects of human endeavour, including education, work, health and self-enrichment. It is notably true also for acquiring an understanding of the wider world, for reaching informed views, for recognising bias and misinformation, and thereby for playing a part as active citizens, in democratic life and society. This ground-breaking and uniquely multi-disciplinary book explores how information literacy can contribute to fostering attitudes, habits and practices that underpin an informed citizenry. The 13 chapters each come from a particular perspective and are authored by international experts representing a range of disciplines: information literacy itself, but also political science, pedagogy, information science, psychology. *Informed Societies: Why Information literacy matters for citizenship, participation and democracy* covers: - why information literacy and informed citizens matter for healthy, democratic societies - information literacy's relationship with political science - information literacy's relationship with human rights - how information literacy can help foster citizenship, participation, empowerment and civic engagement in different contexts: school students, refugees, older people and in wider society - information literacy as a means to counter misinformation and fake news - the challenges of addressing information literacy as part of national public policy. The book will be essential reading for librarians and information professionals working in public libraries, schools, higher education institutions and public bodies; knowledge and information managers in all sectors and student of library and information science students, especially those at postgraduate/Masters level who are planning dissertations. Because of the topicality and political urgency of the issues covered, the book will also be of interest to students of political science, psychology, education and media studies/journalism; policy-makers in the public, commercial and not-for-profit sectors and politicians implications of information use and information/digital literacy.

The Legacy of Nazi Occupation Jul 23 2022 This volume, in *Studies in the Social and Cultural History of Modern Warfare* series, examines how France, Belgium and the Netherlands emerged from the military collapse and humiliating Nazi occupation they suffered during the Second World War. Rather than traditional armed conflict, the human consequences of Nazi policies were resistance, genocide and labour migration to Germany. Pieter Lagrou offers a genuinely comparative approach to these issues, based on extensive archival research; he underlines the divergence between ambiguous experiences of occupation and the univocal post-war patriotic narratives which followed. His book reveals striking differences in political cultures as well as close convergence in the creation of a common Western European discourse, and uncovers disturbing aspects of the aftermath of the war, including post-war antisemitism and the marginalisation of resistance veterans. Brilliantly researched and fluently written, this book will be of central interest to all scholars and students of twentieth-century European history.

Haynes Manual on Welding Sep 25 2022 Provides an overall introduction to the welding process, illustrating most of the common equipment and work techniques for both the home and shop welding.

My Word Book Apr 27 2020

The Heart Sutra and Beyond Nov 03 2020 The Chinese text of The Heart Sutra, by Xuanzang, is one of the best-known and most popular Buddhist scriptures. This book offers a refreshing new English translation by Dr Sit, alongside in-depth analysis. The theme of the book is how to practice the 'perfection of wisdom'. Dr Sit uses metaphor, stories, illustrations, Buddhist scripture, relevant Taoist texts and anthroposophical teachings to explore the text. She draws sometimes surprising connections between Buddhism and esoteric Christianity, and between Buddha Gautama and the young Jesus. Her commentary on this timeless text will bring profound insight to those new to The Heart Sutra, as well as to those who have studied and practiced Buddhism for many years.
