Item Banking: [Interactive Testing and Self-Assessment](#) Jun 22 2022 Assessment has long been recognized as a key feature in learning efficacy, especially through formative evaluation. Item banking, the storage and classification of test items, is an essential part of systematic assessment. This volume is based on a NATO Advanced Research Workshop held as part of the Special Programme on Advanced Educational Technology. The workshop brought together scholars from around the world to discuss and critically analyze the issues and problems associated with Subjective Probability Measurement (SPM) or the more generic research area called self-assessment. Recent advances in computer technology (expert systems, interactive video disks, and hypermedia) along with the developing sophistication of self-assessment scoring systems based on SPM made this conference particularly important and timely. The book is divided into three main parts: - The input: item banking and hypermedia - The process: subjective probabilities - The output: teaching and learning feedbacks. In summary, although SPM is a difficult theoretical concept for most educators to comprehend, the sophisticated nature of modern computer systems coupled with comprehensive formative and summative evaluation and self-assessment systems make SPM transparent to the user.

The Crucible Dec 24 2019 "The Crucible" is a 1952 play by the American playwright Arthur Miller. It is a dramatization of the Salem witch trials that took place in the Province of Massachusetts Bay during 1692 and 1693. Miller wrote the play as an allegory of McCarthyism, when the US government blacklisted accused communists. Miller himself was questioned by the House of Representatives' Committee on Un-American Activities in 1956 and convicted of "contempt of Congress" for refusing to identify others present at meetings he had attended. It was first performed at the Martin Beck Theater on Broadway on January 22, 1953. Miller felt that this production was too stylized and cold and the reviews for it were largely hostile (although The New York Times noted "a powerful play in a driving performance"). Nonetheless, the production won the 1953 "Best Play" Tony Award. A year later a new production succeeded and the play became a classic. It is a central work in the canon of American drama. Fuji Books' edition of "The Crucible" contains supplementary texts: * "Tragedy And The Common Man", an essay by Arthur Miller. * Excerpts from Nathaniel Hawthorne's magnum opus "The Scarlet Letter", a narrative of the Salem Witch trials. * A few selected quotes of Arthur Miller.

GCSE English Literature for AQA Romeo and Juliet Student Book May 09 2021 A new series of bespoke, full-coverage resources developed for the 2015 GCSE English qualifications. Approved for the AQA 2015 GCSE English Literature specification, this print Student Book is designed to help students develop whole text understanding and written response skills for their closed-book exam. The resource provides act-by-act coverage of Shakespeare's play as well as a synoptic overview of the text and its themes. Short, memorable quotations and striking images throughout the book aid learning, while in-depth exam preparation includes practice questions and sample responses. See also our Romeo and Juliet print and digital pack, which comprises the print Student Book, the enhanced digital edition and a free Teacher's Resource.

Shakespeare's Tragic Form Oct 14 2021 Since about 1960, when five-act division in Shakespeare's plays was strongly disputed, most critics have focused on individual scenes rather than holistic form. This book argues for Shakespeare's use of five acts, arranged in three cycles to form a 2-1-2 pattern. It also examines the role of multiple plots and centers of consciousness, especially in the festive comedies and romances. Additionally, it traces Shakespeare's gradual mastery of the art of epiphany, compares it to Spenser's complementary focus on transcendent reality, and traces in Macbeth the dark mode of Shakespeare's dramaturgical pattern.

Financial Planning Answer Book 2009 Sep 20 2019 Covering the five key areas of financial planning, this guide emphasizes its technical, tax, and regulatory aspects. The areas of discussion include investments, employee benefits and retirement plan assets, insurance, income tax and estate planning, and regulatory issues.

God's Answer to the Growing Crisis Apr 27 2020 The dramatic shifts seen over the last few years—from economic to political to moral to beyond—have set the stage for a crisis that will affect every sphere of society. But this crisis isn't just looming in the United States; all of humanity is at a crossroads like never before. Mike Bickle, director of the International House of Prayer of Kansas City, offers God's definitive answer to this approaching global crisis. He provides a fresh biblical perspective on: The agenda to secularize and de-Christianize America What the upsurge of secular humanism looks like The rise of ISIS and Islamic extremists The looming financial crisis Readers will overcome fear and confusion in the last days and learn to pray effectively for this nation and the world.

Screenwriting Tips, You Hack Mar 07 2021 Screenwriting Tip #99 Voice-over usually feels like scaffolding. You know-something you left in there when you were constructing the first draft, but really should have torn out after it served its purpose. Screenwriting Tip #120 Always remember that funny trumps everything. Your script could be written in crayon with your name spelled wrong on the cover, but if it's genuinely funny, none of that matters. Screenwriting Tip #156 The easiest way to write kick-ass protagonists is to make them incredibly good at what they do. Confused at the outline stage? Stuck in the swamp of Act Two? Don't know who your protagonist is or where she's going? You might feel like a hack. But don't worry-you're not alone. Even the most experienced writers feel like this at times. Sometimes we just need a few short pointers and reminders to set us on the path again. Xander Bennett worked as a script reader in the trenches of Hollywood, reading and covering hundreds of mediocre screenplays. After months of reading about heroic Sea World trainers, transgendered circus detectives and crime-fighting chupacabras, he couldn't take it any more. Xander started a blog called 'Screenwriting Tips, You Hack', a place designed to provide short, witty tips on screenwriting for amateur writers all the way up to journeymen scribes. This book is the evolution of that blog. Dozens of the best scripts (along with many brand-new ones) have been expanded into bite-sized chapters full of funny, insightful, highly usable advice. Let Xander's pain be your gain as you learn about the differences between film and television structure, how to force yourself to write when you really don't want to, and why you probably shouldn't base your first spec script around an alien invasion.
