[Walls Have Feelings](#) Oct 09 2020 For the first time, this book brings the insights, methodologies and visions of film to the practice of architecture. Walls Have Feelings poses unanswered questions from our immediate past, crucial for the future of the city: what was the cultural mindset leading to the triumph of Brutalism? What is the urban and domestic impact of large scale office building? Are there alternatives to the planners' city of object? and, Why does your flat leak? This book uniquely brings to bear questions of urgent cultural relevance on critical design decisions. As such, it is of as much importance to architects, planners and students of design, as to students of cultural history, geography and all enthusiasts of cities and of film.

*Wishing for Someday Soon* Feb 22 2022 From USA Today Bestselling author Tiffany King Seventeen year old Katelyn Richards is a stronger person than anyone will ever know, and that is just the way she wants it. The Write Stuff Jul 18 2021 From USA Today bestselling author Tiffany King Twenty-two-year-old historical romance writer Nicole Blake, or N.S. Blake to her readers, hasn't taken an official poll, mind you, but she is convinced she may be the only romance author on the planet who is still a card-carrying member of the virgin club. Not that she hasn't tried to end her membership. Life just keeps finding pesky ways to interfere. With no prospects on the horizon, Nicole begins to feel like the closest she will ever get to experiencing a man is within her own stories. Opportunity presents itself in the form of hot-as-sin-on-a-lollipop-stick bartender/premed student Alec Petropoulos, who agrees to be the cover model for her upcoming book. Sparks fly instantly between them, and Nicole begins to entertain the possibility that she's finally found the right guy to hand over her tattered V-card. Alec has all the makings for a perfect one-night-stand candidate except, much to Nicole's surprise, he seems to be the only man in existence not interested in bagging a virgin. Stuck between a rock and a stubborn male, what's a virgin to do? Seduce him, of course. How hard could it be? If it works for the characters in her stories, why wouldn't it work for her? After all, what happens under the cover...stays under the cover. Praise for the works of Tiffany King The Write Stuff--"Smart, snarky, sexy and fun. **Turtle Bay** Jan 24 2022 From USA Today Bestselling author Tiffany King, comes her next Young Adult Contemporary Romance. If you're a teenager in a small, rural area, how do you exist when your eccentric, free-spirited parents are the town freaks everyone laughs at? For sixteen-year-old Rainbow Honeywell-or Rain, as she insists on being called-the answer was to become the queen of all pranks. She never wanted to be a troublemaker, but the label quickly stuck when everyone in Huntsville, Kansas, became a target. All she wanted was to deflect the negative attention off her parents, but Rain's plan backfired to the max, landing her in a heap of trouble with the local authorities and

expelled from high school. An unexpected inheritance offers Rain an opportunity for a new beginning when she and her family move across the country to the quaint beach community of Turtle Bay, Florida. Determined to make the best of her second chance, Rain vows to walk the straight and narrow, hoping her parents will fly under the radar while she soaks up some fun in the sun, sandy beaches, and hot, tanned guys. Unfortunately, she picks the wrong new friends, and a late night party lands her back in the kind of trouble she had been hoping to avoid. As the newbie in town with a record, Rain takes the brunt of the punishment when an unforgiving judge chooses to make an example out of her and slaps her with enough community service hours to keep her busy until she is old and gray. Facing the harsh reality of paying for the actions of others while atoning for her own past sins, Rain is paired up with Josh Shaw, a judgmental local lifeguard whose love for the beach and the environment is eclipsed only by his distaste for those who trash it. As far as Josh is concerned, Rain is guilty and got what she deserved, regardless of her side of the story. To make matters worse, a tropical storm sits in the Atlantic, threatening to wreak havoc on the small beach community. Things slowly change as Rain begins to appreciate her surroundings through Josh's eyes, proving she is not the person he thinks she is. Their feelings for one another blossom as the tropical storm grows into a hurricane and bears down on Turtle Bay. With impending danger looming, the small beach community must come together in order to ride out the storm.

Psychoanalytic Insights Into Fundamentalism and Conviction Jan 30 2020 *Psychoanalytic Insights into Fundamentalism and Conviction: The Certainty Principle* examines the role of, and need for, certainty in mental life, addressing questions raised by fundamentalism

and extremism and exploring its relation to human nature. Murdin proposes a new synthesis in which certainty itself can be a cause of suffering and part of a defensive manoeuvre, and considers how the need for certainty can be managed in a positive way, rather than creating fear and extreme emotional responses. Illustrated throughout with examples from psychotherapy practice, literature and international politics, this book considers how the quest for certainty dominates much of human thinking. Murdin examines personal relationships, including politics and religion, where assumptions are taken for granted but function to hide fears and doubts, and argues that fundamentalist elements can generate harm in anyone, but understanding and work in therapy can mitigate it. *Psychoanalytic Insights into Fundamentalism and Conviction* will help to identify the underlying convictions that are causing mental harm. It will be essential reading for psychotherapists, psychoanalysts and counsellors in practice and in training, and will be of interest to readers interested in fundamentalist states of mind.

Controlling Accounts.--The addition of special columns in books of original entry makes possible the keeping of Controlling Accounts. The most common examples of such accounts are Accounts Receivable account and Accounts Payable account. These summary accounts, respectively, displace individual customers' and creditors' accounts in the Ledger. The customers' accounts are then segregated in another book called the Sales Ledger or Customers' Ledger, while the creditors' accounts are kept in the Purchase or Creditors' Ledger. The original Ledger, now much reduced in size, is called the General Ledger. The Trial Balance now refers to the accounts in the General Ledger. It is evident that the task of taking a Trial Balance is greatly simplified because so many fewer accounts are involved. A Schedule of Accounts Receivable is then prepared, consisting of the balances found in the Sales Ledger, and its total must agree with the balance of the Accounts Receivable account shown in the Trial Balance. A similar Schedule of Accounts Payable, made up of all the balances in the Purchase Ledger, is prepared, and it must agree with the balance of the Accounts Payable account of the General Ledger." The Balance Sheet.--In the more elementary part of the text, the student learned how to prepare a Statement of Assets and Liabilities for the purpose of disclosing the net capital of an enterprise. In the present chapter he was shown how to prepare a similar statement, the Balance Sheet. For all practical...
