Organizational Behavior Oct 25 2019 Organizational Behavior, Eighth Edition, continues in its tradition of being an up-to-date, relevant and user-driven textbook. Thus, they consistently attempt to find a way to make complex ideas understandable through clear and concise explanations, contemporary examples, a visually appealing photo/art program, and/or learning exercises. With every edition, the authors make every effort to respond to user feedback and ensure the text covers the very latest OB research and practices.
