Hell Is a Very Small Place Jun 25 2019 "An unforgettable look at the peculiar horrors and humiliations involved in solitary confinement" from the prisoners who have survived it (New York Review of Books). On any given day, the United States holds more than eighty-thousand people

in solitary confinement, a punishment that—beyond fifteen days—has been denounced as a form of cruel and degrading treatment by the UN Special Rapporteur on Torture. Now, in a book that will add a startling new dimension to the debates around human rights and prison reform, former and current prisoners describe the devastating effects of isolation on their minds and bodies, the solidarity expressed between individuals who live side by side for years without ever meeting one another face to face, the ever-present specters of madness and suicide, and the struggle to maintain hope and humanity. As Chelsea Manning wrote from her own solitary confinement cell, “The personal accounts by prisoners are some of the most disturbing that I have ever read.” These firsthand accounts are supplemented by the writing of noted experts, exploring the psychological, legal, ethical, and political dimensions of solitary confinement. “Do we really think it makes sense to lock so many people alone in tiny cells for twenty-three hours a day, for months, sometimes for years at a time? That is not going to make us safer. That’s not going to make us stronger.” —President Barack Obama “Elegant but harrowing.” —San Francisco Chronicle “A potent cry of anguish from men and women buried way down in the hole.” —Kirkus Reviews

Forever Chic Aug 08 2020 For any woman who last saw forty on her speedometer comes a sparkling new primer for aging—the French way—with grace and style. Frenchwomen of a certain age (over forty) are captivating and complex. They appear younger than their years and remain stylish throughout their lives. They look at birthdays as a celebration of a life well-lived and perhaps a good reason to go shopping before they dress to perfection for a celebration of another anniversaire. American-born journalist and blogger Tish Jett has lived among the French for years and has studied them and stalked them to learn their secrets. Exploring how their wardrobe, beauty, diet, and hair rituals evolve with time and how some aspects of their signature styles never change, Jett shows how Frenchwomen know their strengths, hide their weaknesses, and never talk about their fears, failures, or flaws. After all, in France, beauty, style, and charm have no expiration dates!
