A Race Is a Nice Thing to Have: A Guide to Being a White Person Or Understanding the White Persons in Your Life Apr 25 2022 A Race Is a Nice Thing to Have: A Guide to Being a White Person or Understanding the White Persons in Your Life is designed to help White people fully recognize and accept their racial identity, assume the proper responsibility for ending racism, and develop an understanding of how racism impacts their own racial group. This powerful text encourages positive racial adjustment and deeper levels of self-understanding. The book explores the meaning of race in society, the "color-blindness" movement, the problem of ignorance about Whiteness, the various phases of internalized racism, and other critical topics. Evocative and meaningful activities throughout the text foster reflection and increased levels of self-awareness and acceptance. The third edition features updated references and charts, as well as a new foreword by Dr. Allen Ivey. A Race Is a Nice Thing to Have is part of the Cognella Series on Advances in Culture, Race, and Ethnicity. The series, endorsed by Division 45 of the American Psychological Association, addresses critical and emerging issues within culture, race, and ethnic studies, as well as specific topics among key ethnocultural groups. Janet E. Helms is the Augustus Long Professor in the Department of Counseling, Developmental, and Educational Psychology and the director of the Institute for the Study and Promotion of Race and Culture at Boston College. A licensed psychologist, Dr. Helms is past president of the Society of Counseling Psychology (Division 17 of the APA). She received the 2019 APA Gold Medal Award for Life Achievement in Psychology in the Public Interest and has served on the editorial boards of the journals of Assessment, Counseling Psychology, Cultural Diversity, and Ethnic Minority Psychology. Dr. Helms has written many articles and books, and conducts workshops on racial identity, counseling practice, and mental health.

Is Marriage for White People? Aug 30 2022 A distinguished Stanford law professor examines the steep decline in marriage rates among the African American middle class, and offers a paradoxical-nearly incendiary-solution. Black women are three times as likely as white women to never marry. That sobering statistic reflects a broader reality: African Americans are the most unmarried people in our nation, and contrary to public perception the racial gap in marriage is

not confined to women or the poor. Black men, particularly the most successful and affluent, are less likely to marry than their white counterparts. College educated black women are twice as likely as their white peers never to marry. Is Marriage for White People? is the first book to illuminate the many facets of the African American marriage decline and its implications for American society. The book explains the social and economic forces that have undermined marriage for African Americans and that shape everyone's lives. It distills the best available research to trace the black marriage decline's far reaching consequences, including the disproportionate likelihood of abortion, sexually transmitted diseases, single parenthood, same sex relationships, polygamous relationships, and celibacy among black women. This book centers on the experiences not of men or of the poor but of those black women who have surged ahead, even as black men have fallen behind. Theirs is a story that has not been told. Empirical evidence documents its social significance, but its meaning emerges through stories drawn from the lives of women across the nation. Is Marriage for White People? frames the stark predicament that millions of black women now face: marry down or marry out. At the core of the inquiry is a paradox substantiated by evidence and experience alike: If more black women married white men, then more black men and women would marry each other. This book not only sits at the intersection of two large and well-established markets-race and marriage-it responds to yearnings that are widespread and deep in American society. The African American marriage decline is a secret in plain view about which people want to know more, intertwining as it does two of the most vexing issues in contemporary society. The fact that the most prominent family in our nation is now an African American couple only intensifies the interest, and the market. A book that entertains as it informs, Is Marriage for White People? will be the definitive guide to one of the most monumental social developments of the past half century.

We Gon' Be Alright Nov 08 2020 "THE SMARTEST BOOK OF THE YEAR" (THE WASHINGTON POST) In these provocative, powerful essays acclaimed writer/journalist Jeff Chang (Can't Stop Won't Stop, Who We Be) takes an incisive and wide-ranging look at the recent tragedies and widespread protests that have shaken the country. Through deep reporting with key activists and thinkers, passionately personal writing, and distinguished cultural criticism, We Gon' Be Alright links #BlackLivesMatter to #OscarsSoWhite, Ferguson to Washington D.C., the Great Migration to resurgent nativism. Chang explores the rise and fall of the idea of "diversity," the roots of student protest, changing ideas about Asian Americanness, and the impact of a century of racial separation in housing. He argues that resegregation is the unexamined condition of our time, the undoing of which is key to moving the nation forward to racial justice and cultural equity.

Why I'm No Longer Talking to White People About Race May 27 2022 'Every voice raised against racism chips away at its power. We can't afford to stay silent. This book is an attempt to speak' The book that sparked a national conversation. Exploring everything from eradicated black history to the inextricable link between class and race, Why I'm No Longer Talking to White People About Race is the essential handbook for anyone who wants to understand race relations in Britain today. THE NO.1 SUNDAY TIMES BESTSELLER WINNER OF THE BRITISH BOOK AWARDS NON-FICTION NARRATIVE BOOK OF THE YEAR 2018 FOYLES NON-FICTION BOOK OF THE YEAR BLACKWELL'S NON-FICTION BOOK OF THE YEAR WINNER OF THE JHALAK PRIZE LONGLISTED FOR THE BAILLIE GIFFORD PRIZE FOR NON-FICTION LONGLISTED FOR THE ORWELL PRIZE SHORTLISTED FOR A BOOKS ARE MY BAG READERS AWARD

What White People Can Do Next Jun 23 2019 THE SUNDAY TIMES AND IRISH TIMES BESTSELLER 'An absolute blockbuster of clear thinking and new angles...the most clear, alliance building, shame removing look at race. Emma is once-in-a generation clever' Caitlin Moran We need to talk about racial injustice in a different way: one that builds on the revolutionary ideas of the past and forges new connections. In this incisive, radical and

practical essay, Emma Dabiri - acclaimed author of Don't Touch My Hair - draws on years of research and personal experience to challenge us to create meaningful, lasting change. 'Impactful . . . Emma expertly outlines how the idea of race was constructed to bolster capitalism and explains how, in a divided world, unity and coalition are needed to create a future that works for everyone' Cosmopolitan

Living White Jan 23 2022 Living White brings together Robert S. Griffin's writing on race during the 2000-2005 period. Included are excerpts from his two books published during this time, The Fame of a Dead Man's Deeds: An Up-Close Portrait of White Nationalist William Pierce and One Sheaf, One Vine: Racially Conscious White Americans Talk About Race. Also here, in total or in large part, are eleven published articles, one unpublished article, and a speech. In addition, there is a published article about Professor Griffin, and a published interview in which he was the subject. Last, there are excerpts from two earlier books of his that relate to the story he is telling in this book. The writings are ordered chronologically for the most part and the author provides commentaries to accompany them. This gives Living White a narrative line and lends an autobiographical quality to it. In large measure, Living White is Dr. Griffin's own story over these past few years as it relates to race. Living White is about white people, and it is for white people. Its focus is on the personal, in contrast to the public, dimensions of the racial challenges that whites confront at this time in their history. This book isn't an analysis of race in America or elsewhere. It isn't about public policy or politics or organizational activity. It isn't about how the outside world is doing but how individual white people are doing. This book will support readers in living more honorable lives as white men and women.

Not Quite White May 03 2020 This is a story of belonging and not belonging, of not knowing if you exist and making sure that you do. This story is for ancestors and descendants, for the people without roles or representation who find themselves placed in a random mixed-up race. This is a story about time travel and tigers, of mountains and moons, and what happens when you sew a thread that was split in two. Reliving defining memories from early childhood in the 1990s to the present day, Laila Woozeer engages with the divisive patterns of racism and prejudice and their cumulative effect on a single life. Using the healing stream of connection – with personal and family history, friends, nature and imagination – and the act of creation, Laila illustrates the way a self was forged. Between past lives and personhood, and from colonialism to creativity, this is a vivid, lyrical account of identity, endurance, courage, growth and artistry. In Not Quite White you are invited to follow the journey of somebody trying desperately to understand who they are, how to survive, and what it might mean to thrive.

White Freedom Jun 27 2022 The racist legacy behind the Western idea of freedom The era of the Enlightenment, which gave rise to our modern conceptions of freedom and democracy, was also the height of the trans-Atlantic slave trade. America, a nation founded on the principle of liberty, is also a nation built on African slavery, Native American genocide, and systematic racial discrimination. White Freedom traces the complex relationship between freedom and race from the eighteenth century to today, revealing how being free has meant being white. Tyler Stovall explores the intertwined histories of racism and freedom in France and the United States, the two leading nations that have claimed liberty as the heart of their national identities. He explores how French and American thinkers defined freedom in racial terms and conceived of liberty as an aspect and privilege of whiteness. He discusses how the Statue of Liberty—a gift from France to the United States and perhaps the most famous symbol of freedom on Earth—promised both freedom and whiteness to European immigrants. Taking readers from the Age of Revolution to today, Stovall challenges the notion that racism is somehow a paradox or contradiction within the democratic tradition, demonstrating how white identity is intrinsic to Western ideas about liberty. Throughout the history of modern Western liberal democracy, freedom has long been white freedom. A major work of scholarship that is certain to draw a wide readership and transform contemporary debates, White Freedom provides vital new perspectives on the

inherent racism behind our most cherished beliefs about freedom, liberty, and human rights.

Brown Is the New White Jun 03 2020 *The New York Times and Washington Post bestseller that sparked a national conversation about America's new progressive, multiracial majority, updated to include data from the 2016 election With a new preface and afterword by the author*

When it first appeared in the lead-up to the 2016 election, Brown Is the New White helped spark a national discussion of race and electoral politics and the often-misdirected spending priorities of the Democratic party. This "slim yet jam-packed call to action" (Booklist) contained a "detailed, data-driven illustration of the rapidly increasing number of racial minorities in America" (NBC News) and their significance in shaping our political future. Completely revised and updated to address the aftermath of the 2016 election, this first paperback edition of Brown Is the New White doubles down on its original insights. Attacking the "myth of the white swing voter" head-on, Steve Phillips, named one of "America's Top 50 Influencers" by Campaigns & Elections, closely examines 2016 election results against a long backdrop of shifts in the electoral map over the past generation—arguing that, now more than ever, hope for a more progressive political future lies not with increased advertising to middle-of-the-road white voters, but with cultivating America's growing, diverse majority. Emerging as a respected and clear-headed commentator on American politics at a time of pessimism and confusion among Democrats, Phillips offers a stirring answer to anyone who thinks the immediate future holds nothing but Trump and Republican majorities.

The Negro Motorist Green Book Aug 06 2020 *The idea of "The Green Book" is to give the Motorist and Tourist a Guide not only of the Hotels and Tourist Homes in all of the large cities, but other classifications that will be found useful wherever he may be. Also facts and information that the Negro Motorist can use and depend upon. There are thousands of places that the public doesn't know about and aren't listed. Perhaps you know of some? If so send in their names and addresses and the kind of business, so that we might pass it along to the rest of your fellow Motorists. You will find it handy on your travels, whether at home or in some other state, and is up to date. Each year we are compiling new lists as some of these places move, or go out of business and new business places are started giving added employment to members of our race.*

White Nov 28 2019 *Own it, snowflakes: you've lost everything you claim to hold dear. White is Bret Easton Ellis's first work of nonfiction. Already the bad boy of American literature, from Less Than Zero to American Psycho, Ellis has also earned the wrath of right-thinking people everywhere with his provocations on social media, and here he escalates his admonishment of received truths as expressed by today's version of "the left." Eschewing convention, he embraces views that will make many in literary and media communities cringe, as he takes aim at the relentless anti-Trump fixation, coastal elites, corporate censorship, Hollywood, identity politics, Generation Wuss, "woke" cultural watchdogs, the obfuscation of ideals once both cherished and clear, and the fugue state of American democracy. In a young century marked by hysterical correctness and obsessive fervency on both sides of an aisle that's taken on the scale of the Grand Canyon, White is a clarion call for freedom of speech and artistic freedom. "The central tension in Ellis's art—or his life, for that matter—is that while [his] aesthetic is the cool reserve of his native California, detachment over ideology, he can't stop generating heat.... He's hard-wired to break furniture."—Karen Heller, The Washington Post "Sweating with rage . . . humming with paranoia."—Anna Leszkiewicz, The Guardian "Snowflakes on both coasts in withdrawal from Rachel Maddow's nightly Kremlinology lesson can purchase a whole book to inspire paroxysms of rage . . . a veritable thirst trap for the easily microaggressed. It's all here. Rants about Trump derangement syndrome; MSNBC; #MeToo; safe spaces."—Bari Weiss, The New York Times*

White Logic, White Methods Oct 20 2021 *With an assemblage of leading scholars, White Logic, White Methods explores the possibilities and necessary dethroning of current social research*

practices, and demands a complete overhaul of current methods, towards multicultural and pluralist approach to what we know, think, and question.

Clean and White Sep 18 2021 From the age of Thomas Jefferson to the Memphis Public Workers strike of 1968 through the present day, ideas about race-- whites are "clean" and non-whites are "dirty"-- have shaped where people have lived, where people have worked, and how American society's wastes have been managed. Zimring draws on historical evidence from statesmen, scholars, sanitarians, novelists, activists, advertisements, and the United States Census of Population to reveal changing constructions of environmental racism, focusing on constructions of race and hygiene. The bigoted idea that non-whites are "dirty" remains deeply ingrained in the national psyche, continuing to shape social and environmental inequalities.

I Love You Are for White People Jul 05 2020 As a young child, Lac Su made a harrowing escape from the Communists in Vietnam. With a price on his father's head, Lac, with his family, was forced to immigrate in 1979 to seedy West Los Angeles where squalid living conditions and a cultural fabric that refused to thread them in effectively squashed their American Dream. Lac's search for love and acceptance amid poverty—not to mention the psychological turmoil created by a harsh and unrelenting father—turned his young life into a comedy of errors and led him to a dangerous gang experience that threatened to tear his life apart. Heart-wrenching, irreverent, and ultimately uplifting, I Love You Are for White People is memoir at its most affecting, depicting the struggles that countless individuals have faced in their quest to belong and that even more have endured in pursuit of a father's fleeting affection.

When Affirmative Action Was White: An Untold History of Racial Inequality in Twentieth-Century America Feb 21 2022 A groundbreaking work that exposes the twisted origins of affirmative action. In this "penetrating new analysis" (New York Times Book Review) Ira Katznelson fundamentally recasts our understanding of twentieth-century American history and demonstrates that all the key programs passed during the New Deal and Fair Deal era of the 1930s and 1940s were created in a deeply discriminatory manner. Through mechanisms designed by Southern Democrats that specifically excluded maids and farm workers, the gap between blacks and whites actually widened despite postwar prosperity. In the words of noted historian Eric Foner, "Katznelson's incisive book should change the terms of debate about affirmative action, and about the last seventy years of American history."

Black Appetite. White Food. Sep 06 2020 Black Appetite. White Food. invites educators to explore the nuanced manifestations of white privilege as it exists within and beyond the classroom. Renowned speaker and author Jamila Lyiscott provides ideas and tools that teachers, school leaders, and professors can use for awareness, inspiration, and action around racial injustice and inequity. Part I of the book helps you ask the hard questions, such as whether your pedagogy is more aligned with colonialism than you realize and whether you are really giving students of color a voice. Part II offers a variety of helpful strategies for analysis and reflection. Each chapter includes personal stories, frank discussions of the barriers you may face, and practical ideas that will guide you as you work to confront privilege in your classroom, campus, and beyond.

Self-Portrait in Black and White Jan 11 2021 A SUNDAY TIMES BOOK OF THE YEAR A TIME 'MUST-READ' 'An extraordinarily thought-provoking memoir that makes a controversial contribution to the fraught debate on race and racism . . . intellectually stimulating and compelling' SUNDAY TIMES A reckoning with the way we choose to see and define ourselves, Self-Portrait in Black and White is the searching story of one American family's multi-generational transformation from what is called black to what is assumed to be white. Thomas Chatterton Williams, the son of a 'black' father from the segregated South and a 'white' mother from the West, spent his whole life believing the dictum that a single drop of 'black blood' makes a person black. This was so fundamental to his self-conception that he'd never rigorously reflected on its foundations - but the shock of his experience as the black father of

two extremely white-looking children led him to question these long-held convictions. It is not that he has come to believe that he is no longer black or that his daughter is white, Williams notes. It is that these categories cannot adequately capture either of them - or anyone else, for that matter. Beautifully written and bound to upset received opinions on race, *Self-Portrait in Black and White* is an urgent work for our time.

***Me and White Supremacy* Dec 22 2021 'An indispensable resource for white people who want to challenge white supremacy but don't know where to begin' Robin DiAngelo, author of *WHITE FRAGILITY* 'It should be mandatory reading ... Buy the book, do the work and then push more copies into the hands of everyone you know' Emma Gannon 'Confrontational and much-needed' Stylist 'She is no-joke changing the world and, for what it's worth, the way I live my life.' Anne Hathaway _____ *Me and White Supremacy* shows readers how to dismantle the privilege within themselves so that they can stop (often unconsciously) inflicting damage on people of colour, and in turn, help other white people do better, too. When Layla Saad began an Instagram challenge called #MeAndWhiteSupremacy, she never predicted it would spread as widely as it did. She encouraged people to own up and share their racist behaviours, big and small. She was looking for truth, and she got it. Thousands of people participated, and over 90,000 people downloaded the book. The updated and expanded *Me and White Supremacy* takes the work deeper by adding more historical and cultural contexts, sharing moving stories and anecdotes, and including expanded definitions, examples, and further resources. Awareness leads to action, and action leads to change. The numbers show that readers are ready to do this work - let's give it to them.**

***White Kids* Mar 25 2022 Winner, 2019 William J. Goode Book Award, given by the Family Section of the American Sociological Association Finalist, 2019 C. Wright Mills Award, given by the Society for the Study of Social Problems Riveting stories of how affluent, white children learn about race American kids are living in a world of ongoing public debates about race, daily displays of racial injustice, and for some, an increased awareness surrounding diversity and inclusion. In this heated context, sociologist Margaret A. Hagerman zeroes in on affluent, white kids to observe how they make sense of privilege, unequal educational opportunities, and police violence. In fascinating detail, Hagerman considers the role that they and their families play in the reproduction of racism and racial inequality in America. *White Kids*, based on two years of research involving in-depth interviews with white kids and their families, is a clear-eyed and sometimes shocking account of how white kids learn about race. In doing so, this book explores questions such as, "How do white kids learn about race when they grow up in families that do not talk openly about race or acknowledge its impact?" and "What about children growing up in families with parents who consider themselves to be 'anti-racist'?" Featuring the actual voices of young, affluent white kids and what they think about race, racism, inequality, and privilege, *White Kids* illuminates how white racial socialization is much more dynamic, complex, and varied than previously recognized. It is a process that stretches beyond white parents' explicit conversations with their white children and includes not only the choices parents make about neighborhoods, schools, peer groups, extracurricular activities, and media, but also the choices made by the kids themselves. By interviewing kids who are growing up in different racial contexts—from racially segregated to meaningfully integrated and from politically progressive to conservative—this important book documents key differences in the outcomes of white racial socialization across families. And by observing families in their everyday lives, this book explores the extent to which white families, even those with anti-racist intentions, reproduce and reinforce the forms of inequality they say they reject.**

***White Women, Race Matters* Oct 27 2019**

***What's Up with White Women?* Dec 10 2020 As a white woman, ask yourself: are you upholding or fighting racism? *What's Up with White Women?* is a practical guide for white women who are interested in becoming more effective in their cross-cultural, anti-racist practices. Blending real-**

life stories, theory, and anti-racism practices from decades of on-the-ground work, the authors invite white women to understand their gendered role in systemic racism and their unique opportunity for action. Both frank and compassionate, coverage includes: Stories of white women's experiences with sexism, racism, and white privilege How white women harm BIPOC and ourselves by colluding with systems of oppression Why and how white women often hijack race conversations A powerful six-stage identity development model for self-reflection and growth Guiding questions and practical actions for strengthening anti-racism practices Tools to cultivate genuine partnerships with BIPOC individuals and groups. White women are positioned in a power hierarchy between white men and BIPOC. It is time for white women to step up and undertake deep reflection on their role in systemic racism and take concrete actions that support equity and justice for all people.

*White by Law Jan 29 2020 "Whiteness pays. As *White by Law* shows, immigrants recognized the value of whiteness and sometimes petitioned the courts to be recognized as white. Haney Lspez argues for the centrality of law in constructing race."--Voice Literary Supplement"White by Law's thoughtful analysis of the prerequisite cases offers support for the fundamental critical race theory tenet that race is a social construct reinforced by law. Haney Lspez has blazed a trail for those exploring the legal and social constructions of race in the United States."--Berkeley Women's Law JournalLily white. White knights. The white dove of peace. White lie, white list, white magic. Our language and our culture are suffused, often subconsciously, with positive images of whiteness. Whiteness is so inextricably linked with the status quo that few whites, when asked, even identify themselves as such. And yet when asked what they would have to be paid to live as a black person, whites give figures running into the millions of dollars per year, suggesting just how valuable whiteness is in American society.Exploring the social, and specifically legal origins, of white racial identity, Ian F. Haney Lopez here examines cases in America's past that have been instrumental in forming contemporary conceptions of race, law, and whiteness. In 1790, Congress limited naturalization to white persons. This racial prerequisite for citizenship remained in force for over a century and a half, enduring until 1952. In a series of important cases, including two heard by the United States Supreme Court, judges around the country decided and defined who was white enough to become American.White by Law traces the reasoning employed by the courts in their efforts to justify the whiteness of some and the non- whiteness of others. Did light skin make a*

*Teaching White Supremacy Jul 17 2021 A powerful exploration of the past and present arc of America's white supremacy—from the country's inception and Revolutionary years to its 19th century flashpoint of civil war; to the Civil Rights movement of the 1960s and today's Black Lives Matter. "The most profoundly original cultural history in recent memory." —Henry Louis Gates, Jr., Harvard University "Stunning, timely . . . an achievement in writing public history . . . Teaching White Supremacy should be read widely in our roiling debate over how to teach about race and slavery in classrooms." —David W. Blight, Sterling Professor of American History, Yale University; author of the Pulitzer-prize-winning *Frederick Douglass: Prophet of Freedom* Donald Yacovone shows us the clear and damning evidence of white supremacy's deep-seated roots in our nation's educational system through a fascinating, in-depth examination of America's wide assortment of texts, from primary readers to college textbooks, from popular histories to the most influential academic scholarship. Sifting through a wealth of materials from the colonial era to today, Yacovone reveals the systematic ways in which this ideology has infiltrated all aspects of American culture and how it has been at the heart of our collective national identity. Yacovone lays out the arc of America's white supremacy from the country's inception and Revolutionary War years to its nineteenth-century flashpoint of civil war to the civil rights movement of the 1960s and today's Black Lives Matter. In a stunning reappraisal, the author argues that it is the North, not the South, that bears the greater responsibility for creating the dominant strain of race theory, which has been inculcated throughout the culture and in school*

textbooks that restricted and repressed African Americans and other minorities, even as Northerners blamed the South for its legacy of slavery, segregation, and racial injustice. A major assessment of how we got to where we are today, of how white supremacy has suffused every area of American learning, from literature and science to religion, medicine, and law, and why this kind of thinking has so insidiously endured for more than three centuries.

Black Faces, White Spaces* Dec 30 2019 *Black Faces, White Spaces: Reimagining the Relationship of African Americans to the Great Outdoors

***Other People's Children* Jul 29 2022 Winner of an American Educational Studies Association Critics' Choice Award and Choice Magazine's Outstanding Academic book award, and voted one of Teacher Magazine's "great books," *Other People's Children* has sold over 150,000 copies since its original hardcover publication. This anniversary paperback edition features a new introduction by Delpit as well as new framing essays by Herbert Kohl and Charles Payne. In a radical analysis of contemporary classrooms, MacArthur Award-winning author Lisa Delpit develops ideas about ways teachers can be better "cultural transmitters" in the classroom, where prejudice, stereotypes, and cultural assumptions breed ineffective education. Delpit suggests that many academic problems attributed to children of color are actually the result of miscommunication, as primarily white teachers and "other people's children" struggle with the imbalance of power and the dynamics plaguing our system. A new classic among educators, *Other People's Children* is a must-read for teachers, administrators, and parents striving to improve the quality of America's education system.**

***So You Want to Talk About Race* Feb 09 2021 In this New York Times bestseller, Ijeoma Oluo offers a hard-hitting but user-friendly examination of race in America Widespread reporting on aspects of white supremacy--from police brutality to the mass incarceration of African Americans--have made it impossible to ignore the issue of race. Still, it is a difficult subject to talk about. How do you tell your roommate her jokes are racist? Why did your sister-in-law take umbrage when you asked to touch her hair--and how do you make it right? How do you explain white privilege to your white, privileged friend? In *So You Want to Talk About Race*, Ijeoma Oluo guides readers of all races through subjects ranging from intersectionality and affirmative action to "model minorities" in an attempt to make the seemingly impossible possible: honest conversations about race and racism, and how they infect almost every aspect of American life. "Oluo gives us--both white people and people of color--that language to engage in clear, constructive, and confident dialogue with each other about how to deal with racial prejudices and biases."--National Book Review "Generous and empathetic, yet usefully blunt . . . it's for anyone who wants to be smarter and more empathetic about matters of race and engage in more productive anti-racist action."--Salon (Required Reading)**

***White Rage* Mar 13 2021 THE NEW YORK TIMES BESTSELLER From the Civil War to our combustible present, *White Rage* reframes the continuing conversation about race in America, chronicling the history of the powerful forces opposed to black progress. Since the abolishment of slavery in 1865, every time African Americans have made advances towards full democratic participation, white reaction has fuelled a rollback of any gains. Carefully linking historical flashpoints – from the post-Civil War Black Codes and Jim Crow to expressions of white rage after the election of America's first black president – Carol Anderson renders visible the long lineage of white rage and the different names under which it hides. Compelling and dramatic in the history it relates, *White Rage* adds a vital new dimension to the conversation about race in America. 'Beautifully written and exhaustively researched' CHIMAMANDA NGOZI ADICHIE 'An extraordinarily timely and urgent call to confront the legacy of structural racism' NEW YORK TIMES BOOK REVIEW 'Brilliant' ROBIN DIANGELO, AUTHOR OF WHITE FRAGILITY**

***Dear White Friend* Sep 26 2019 My friend, I do not believe you are a racist. Melvin Gravelly eloquently accomplishes what many have undoubtedly wished to do: talk openly to someone we know about race in the United States today. Gravelly uses significant experience as a**

business and civic leader to express a rare balance in this timely message. *Dear White Friend* is a forthright, collegial conversation via chapters in the form of letters, each with a combination of personal reflection and meaningful hard facts. Gravelly challenges the reader but without judgment or indictment. His depth of thought, deftness of expression, and clear, layman's terms make for an urgent call to begin to close the gap between races in America. The book presents an invitation to understand three questions at the heart of the issue: What is really going on with race in our country? Why must we care? And what can we do about it together? In the end, Gravelly calls on us to ask ourselves, "What is my role in all of this?" After reading *Dear White Friend*, readers will understand why their answer to his question can change everything.

***White Too Long* Mar 01 2020 "WHITE TOO LONG draws on history, statistics, and memoir to urge that white Christians reckon with the racism of the past and the amnesia of the present to restore a Christian identity free of the taint of white supremacy"--**

***White is for Witching* Aug 18 2021 Winner of the Somerset Maugham Award One of Granta's Best Young British Novelists From the acclaimed author of *What Is Not Yours Is Not Yours*, *Gingerbread*, and *Peaces* There's something strange about the Silver family house in the closed-off town of Dover, England. Grand and cavernous with hidden passages and buried secrets, it's been home to four generations of Silver women—Anna, Jennifer, Lily, and now Miranda, who has lived in the house with her twin brother, Eliot, ever since their father converted it to a bed-and-breakfast. The Silver women have always had a strong connection, a pull over one another that reaches across time and space, and when Lily, Miranda's mother, passes away suddenly while on a trip abroad, Miranda begins suffering strange ailments. An eating disorder starves her. She begins hearing voices. When she brings a friend home, Dover's hostility toward outsiders physically manifests within the four walls of the Silver house, and the lives of everyone inside are irrevocably changed. At once an unforgettable mystery and a meditation on race, nationality, and family legacies, *White is for Witching* is a boldly original, terrifying, and elegant novel by a prodigious talent.**

***Race Cars* Nov 20 2021 *Race Cars* is a picture book that serves as a springboard for parents and educators to discuss race, privilege, and oppression with their kids.**

***Black in White Space* Oct 08 2020 From the vital voice of Elijah Anderson, *Black in White Space* sheds fresh light on the dire persistence of racial discrimination in our country. A birder strolling in Central Park. A college student lounging on a university quad. Two men sitting in a coffee shop. Perfectly ordinary actions in ordinary settings—and yet, they sparked jarring and inflammatory responses that involved the police and attracted national media coverage. Why? In essence, Elijah Anderson would argue, because these were Black people existing in white spaces. In *Black in White Space*, Anderson brings his immense knowledge and ethnography to bear in this timely study of the racial barriers that are still firmly entrenched in our society at every class level. He focuses in on symbolic racism, a new form of racism in America caused by the stubbornly powerful stereotype of the ghetto embedded in the white imagination, which subconsciously connects all Black people with crime and poverty regardless of their social or economic position. White people typically avoid Black space, but Black people are required to navigate the "white space" as a condition of their existence. From Philadelphia street-corner conversations to Anderson's own morning jogs through a Cape Cod vacation town, he probes a wealth of experiences to shed new light on how symbolic racism makes all Black people uniquely vulnerable to implicit bias in police stops and racial discrimination in our country. An unwavering truth-teller in our national conversation on race, Anderson has shared intimate and sharp insights into Black life for decades. Vital and eye-opening, *Black in White Space* will be a must-read for anyone hoping to understand the lived realities of Black people and the structural underpinnings of racism in America.**

"Multiplication Is for White People" Sep 30 2022 As MacArthur award-winning educator Lisa

Delpit reminds us—and as all research shows—there is no achievement gap at birth. In her long-awaited second book, Delpit presents a striking picture of the elements of contemporary public education that conspire against the prospects for poor children of color, creating a persistent gap in achievement during the school years that has eluded several decades of reform. Delpit's bestselling and paradigm-shifting first book, Other People's Children, focused on cultural slippage in the classroom between white teachers and students of color. Now, in "Multiplication is for White People", Delpit reflects on two decades of reform efforts—including No Child Left Behind, standardized testing, the creation of alternative teacher certification paths, and the charter school movement—that have still left a generation of poor children of color feeling that higher educational achievement isn't for them. In chapters covering primary, middle, and high school, as well as college, Delpit concludes that it's not that difficult to explain the persistence of the achievement gap. In her wonderful trademark style, punctuated with telling classroom anecdotes and informed by time spent at dozens of schools across the country, Delpit outlines an inspiring and uplifting blueprint for raising expectations for other people's children, based on the simple premise that multiplication—and every aspect of advanced education—is for everyone.

White Fragility Nov 01 2022 The International Bestseller 'With clarity and compassion, DiAngelo allows us to understand racism as a practice not restricted to "bad people." In doing so, she moves our national discussions forward. This is a necessary book for all people invested in societal change' Claudia Rankine Anger. Fear. Guilt. Denial. Silence. These are the ways in which ordinary white people react when it is pointed out to them that they have done or said something that has - unintentionally - caused racial offence or hurt. After, all, a racist is the worst thing a person can be, right? But these reactions only serve to silence people of colour, who cannot give honest feedback to 'liberal' white people lest they provoke a dangerous emotional reaction. Robin DiAngelo coined the term 'White Fragility' in 2011 to describe this process and is here to show us how it serves to uphold the system of white supremacy. Using knowledge and insight gained over decades of running racial awareness workshops and working on this idea as a Professor of Whiteness Studies, she shows us how we can start having more honest conversations, listen to each other better and react to feedback with grace and humility. It is not enough to simply hold abstract progressive views and condemn the obvious racists on social media - change starts with us all at a practical, granular level, and it is time for all white people to take responsibility for relinquishing their own racial supremacy. 'By turns mordant and then inspirational, an argument that powerful forces and tragic histories stack the deck fully against racial justice alongside one that we need only to be clearer, try harder, and do better' David Roediger, Los Angeles Review of Books 'The value in White Fragility lies in its methodical, irrefutable exposure of racism in thought and action, and its call for humility and vigilance' Katy Waldman, New Yorker 'A vital, necessary, and beautiful book' Michael Eric Dyson

White Tears Jul 25 2019 'Like Donna Tartt's The Goldfinch... A stunning novel of ideas that becomes a page-turning thriller... ' Stylist 'A fast-paced, ambitious, hallucinatory mystery' Publishers Weekly A dizzying, nail-biting ghost story about modern America from the bestselling author of The Impressionist Two twenty-something New Yorkers: Seth, awkward and shy, and Carter, the trust fund hipster. They have one thing in common: an obsession with music. Rising fast on the New York producing scene, they stumble across an old blues song long forgotten by history -- and everything starts to unravel. Carter is drawn far down a path that allows no return, and Seth has no choice but to follow his friend into the darkness. Electrifying, subversive and wildly original, White Tears is a ghost story and a love story, a story about lost innocence and historical guilt. This unmissable novel penetrates the heart of a nation's darkness, encountering a suppressed history of greed, envy, revenge and exploitation, and holding a mirror up to the true nature of America today.

Impacts of Racism on White Americans In the Age of Trump Aug 25 2019 In this third iteration

of the classic work *The Impacts of Racism on White Americans* (1981, 1996), a new generation of scholars make the case that racism often negatively affects Whites themselves, especially during the Trump era. In 1981, *Impacts* introduced an alternative understanding of racism, arguing that it went beyond white-black and/or inter-race relations. Instead, the book proposed that the problem of race in the U.S. is fundamentally one of white identity and culture and that racism has substantial negative effects on White Americans. This volume advances these propositions through three key areas: (1) Trump-era cultural and institutional racism, bolstered by the use of historical notions of racial hierarchy; (2) institutional and interpersonal racism, which in turn drive individual racist behaviors; and finally, (3) racism's interactional sequences and how they impact anti-racism efforts. As each chapter author explores an iteration of these racisms, they also explore how racist attitudes produce disadvantage among White Americans. *White Identity Politics* May 15 2021 Amidst discontent over diversity, racial identity is a lens through which many US white Americans now view the political world.

Dying of Whiteness Apr 13 2021 A physician reveals how right-wing backlash policies have mortal consequences -- even for the white voters they promise to help Named one of the most anticipated books of 2019 by *Esquire* and the *Boston Globe* In the era of Donald Trump, many lower- and middle-class white Americans are drawn to politicians who pledge to make their lives great again. But as *Dying of Whiteness* shows, the policies that result actually place white Americans at ever-greater risk of sickness and death. Physician Jonathan M. Metzler's quest to understand the health implications of "backlash governance" leads him across America's heartland. Interviewing a range of everyday Americans, he examines how racial resentment has fueled pro-gun laws in Missouri, resistance to the Affordable Care Act in Tennessee, and cuts to schools and social services in Kansas. And he shows these policies' costs: increasing deaths by gun suicide, falling life expectancies, and rising dropout rates. White Americans, Metzler argues, must reject the racial hierarchies that promise to aid them but in fact lead our nation to demise.

A Chosen Exile Jun 15 2021 Countless African Americans have passed as white, leaving behind families and friends, roots and communities. It was, as Allyson Hobbs writes, a chosen exile. This history of passing explores the possibilities, challenges, and losses that racial indeterminacy presented to men and women living in a country obsessed with racial distinctions.

How the Irish Became White Apr 01 2020 '...from time to time a study comes along that truly can be called 'path breaking,' 'seminal,' 'essential,' a 'must read.' *How the Irish Became White* is such a study.' John Bracey, W.E.B. Du Bois Department of Afro-American Studies, University of Massachusetts, Amherst The Irish came to America in the eighteenth century, fleeing a homeland under foreign occupation and a caste system that regarded them as the lowest form of humanity. In the new country – a land of opportunity – they found a very different form of social hierarchy, one that was based on the color of a person's skin. Noel Ignatiev's 1995 book – the first published work of one of America's leading and most controversial historians – tells the story of how the oppressed became the oppressors; how the new Irish immigrants achieved acceptance among an initially hostile population only by proving that they could be more brutal in their oppression of African Americans than the nativists. This is the story of *How the Irish Became White*.
