Bend, Not Break Apr 23 2022 "Bamboo is flexible, bending with the wind but never breaking, capable of adapting to any circumstance. It suggests resilience, meaning that we have the ability to bounce back even from the most difficult times. . . . Your ability to thrive depends, in the end, on your attitude to your life circumstances. Take everything in stride with grace, putting forth energy when it is needed, yet always staying calm inwardly." —Ping Fu's "Shanghai Papa" Ping Fu knows what it's like to be a child soldier, a factory worker, and a political prisoner. To be beaten and raped for the crime of being born into a well-educated family. To be deported with barely enough money for a plane ticket to a bewildering new land. To start all over, without family or friends, as a maid, waitress, and student. Ping Fu also knows what it's like to be a pioneering software programmer, an innovator, a CEO, and Inc. magazine's Entrepreneur of the Year. To be a friend and mentor to some of the best-known names in technology. To build some of the coolest new products in the world. To give speeches that inspire huge crowds. To meet and advise the president of the United States. It sounds too unbelievable for fiction, but this is the true story of a life in two worlds. Born on the eve of China's Cultural Revolution, Ping was separated from her family at the age of eight. She grew up fighting hunger and humiliation and shielding her younger sister from the teenagers in Mao's Red Guard. At twenty-five, she found her way to the United States; her only resources were \$80 in traveler's checks and three phrases of English: thank you, hello, and help. Yet Ping persevered, and the hard-won lessons of her childhood guided her to success in her new homeland. Aided by her well-honed survival instincts, a few good friends, and the kindness of strangers, she grew into someone she never thought she'd be—a strong, independent, entrepreneurial leader. A love of problem solving led her to computer science, and Ping became part of the team that created NCSA Mosaic, which became Netscape, the Web browser that forever changed how we access information. She then started a company, Geomagic, that has literally reshaped the world, from personalizing prosthetic limbs to repairing NASA spaceships. Bend, Not Break depicts a journey from imprisonment to freedom, and from the dogmatic anticapitalism of Mao's China to the high-stakes, take-no-prisoners world of technology start-ups in the United States. It is a tribute to one woman's courage in the face of cruelty and a valuable lesson on the enduring power of resilience.

The Piano Shop on the Left Bank Jan 20 2022 A warm and intuitive portrait of the secret Paris—one closed to all but a knowing few—The Piano Shop on the Left Bank is the perfect book for music lovers, or for anyone who longs to recapture a lost passion. Thad Carhart never realized there was a gap in his life until he happened upon Desforges Pianos, a demure little shopfront in his Pairs neighborhood that seemed to want to hide rather than advertise its wares. Like Alice in Wonderland, he found his attempts to gain entry rebuffed at every turn. An accidental introduction finally opened the door to the quartier's oddest hangout, where locals—from university professors to pipefitters—gather on Friday evenings to discuss music, love, and life over a glass of wine. Luc, the atelier's master, proves an excellent guide to the history of this most gloriously impractical of instruments. A bewildering variety passes through his restorer's hands: delicate ancient pianofortes, one perhaps the onetime possession of Beethoven. Great hulking beasts of thunderous voice. And the modest piano "with the heart of a lion" that was to become Thad's own.

Night May 12 2021 A New Translation From The French By Marion Wiesel Born in Sighet, Transylvania, Elie Wiesel was a teenager when he and his family were taken from their home in 1944 and deported to the Auschwitz concentration camp, and then to Buchenwald. Chasing Redbird Jul 02 2020 "Intriguing, delightful, and touching." —School Library Journal (starred review) "Creech's best yet." —Publishers Weekly (starred review) It started out as an ordinary summer. But the minute thirteen-year-old Zinny discovered the old, overgrown trail that ran through the woods behind her family's house, she realized that things were about to change. It was her chance to finally make people notice her, and to have a place she could call her very own. But more than that, Zinny knew that the trail somehow held the key to all kinds of questions. And that the only way to understand her family, her Aunt Jessie's death, and herself, was to find out where it went. From Newbery Medal-winning author Sharon Creech comes a story of love, loss, and understanding, an intricately woven tale of a young girl who sets out in search of her place in the world—and discovers it in her own backyard. The uneasy balance between these worlds is shattered when Starr witnesses the fatal shooting of her childhood best friend Khalil at the hands of a police officer. Khalil was unarmed. Soon afterward, his death is a national headline. Some are calling him a thug, maybe even a drug dealer and a gangbanger. Protesters are taking to the streets in Khalil's name. Some cops and the local drug lord try to intimidate Starr and her family. What everyone wants to know is: what really went down that night? And the only person alive who can answer that is Starr. But what Starr does—or does not—say could upend her community. It could also endanger her life. Want more of Garden Heights? Power Failure Sep 23 2019 "They're still trying to hide the weenie," thought Sherron Watkins as she read a newspaper clipping about Enron two weeks before Christmas, 2001. . . It quoted [CFO] Jeff McMahon addressing the company's creditors and cautioning them against a rash judgment. "Don't assume that there is a smoking gun." Sherron knew Enron well enough to know that the company was in extreme spin mode... Power Failure is the electrifying behind-the-scenes story of the collapse of Enron, the high-flying gas and energy company touted as the poster child of the New Economy that, in its hubris, had aspired to be "The World's Leading Company," and had briefly been the seventh largest corporation in America. Written by prizewinning journalist Mimi Swartz, and substantially based on the never-before-published revelations of former Enron vice-president Sherron Watkins, as well as hundreds of other interviews, Power Failure shows the human face beyond the greed, arrogance, and raw ambition that fueled the company's meteoric rise in the late 1990s. At the dawn of the new century, Ken Lay's and Jeff Skilling's faces graced the covers of business magazines, and Enron's money oiled the political machinery behind George W. Bush's election campaign. But as Wall Street analysts sang Enron's praises, and its stock spiraled dizzyingly into the stratosphere, the company's leaders were madly scrambling to manufacture illusory profits, hide its ballooning debt, and bully Wall Street into buying its fictional accounting and off-balance-sheet investment vehicles. The story of Enron's fall is a morality tale writ large, performed on a stage with an unforgettable array of props and side plots, from parking lots overflowing with Boxsters and BMWs to hot-house office affairs and executive tantrums. Among the cast of characters Mimi Swartz and Sherron Watkins observe with shrewd Texas eyes and an insider's perspective are: CEO Ken Lay, Enron's "outside face," who was more interested in playing diplomat and paving the road to a political career than in managing Enron's high-testosterone, anything-goes culture; Jeff Skilling, the mastermind behind Enron's mercenary trading culture, who transformed himself from a nerdy executive into the personification of millennial cool; Rebecca Mark, the savvy and seductive head of Enron's international division, who was Skilling's sole rival to take over the company; and Andy Fastow, whose childish pranks early in his career gave way to something far more destructive. Desperate to be a player in Enron's deal-making, trader-oriented culture, Fastow transformed Enron's finance department into a "profit center," creating a honeycomb of financial entities to bolster Enron's "profits," while diverting tens of millions of dollars into his own pockets An unprecedented chronicle of Enron's shocking collapse, Power Failure should take its place alongside the classics of previous decades - *Barbarians at the Gate* and *Liar's Poker* - as one of the cautionary tales of our times.

Writing from the Center Jun 01 2020 Writing from the Center is about one very fine writer's quest for a meaningful and moral life. The center he seeks and describes is geographical, emotional, artistic, and spiritual - and it is rooted in place. The geography is midwestern, the impulses are universal. Where and how do we find meaning? Where does a writer find inspiration? How can personal, artistic, family, and community needs be blended to create a harmonious life? What aids exist in such a "located" life against despair? How should a writer relate to and represent his place? Twelve interrelated essays probe these questions from different perspectives. "Buckeye" examines the resonance of objects and the mysteries of relationships and death. "Imagining the Midwest" surveys how other writers have seen and related to their region. "The Common Life" makes an eloquent case for community values. "Sanctuary" is an eloquent and painful consideration of environmental degradation. "Writing from the Center" and "Letter to a Reader" deal with Sanders's decisions to locate in the Midwest, to know his place, and to write about it in both fiction and nonfiction.

Jay, on the other hand, is counting the minutes until nightfall, when the girl he can’t stop thinking about promised she’ll be there. And Kit has a couple secrets of her own—including a guest she invited without consulting anyone. By midnight the party will be completely out of control. The Overachievers Dec 19 2021 The bestselling author of *Pledged* returns with a groundbreaking look at the pressure to achieve faced by America's teens In *Pledged*, Alexandra Robbins followed four college girls to produce a riveting narrative that read like fiction. Now, in *The Overachievers*, Robbins uses the same captivating style to explore how our high-stakes educational culture has spiraled out of control. During the year of her ten-year reunion, Robbins goes back to her high school, where she follows heart-tuggingly likeable students including "AP" Frank, who grapples with horrifying parental pressure to succeed; Audrey, whose panicked perfectionism overshadows her life; Sam, who worries his years of overachieving will be wasted if he doesn't attend a name-brand college; Taylor, whose ambition threatens her popular girl status; and The Stealth Overachiever, a mystery junior who flies under the radar. Robbins tackles teen issues such as intense stress, the student and teacher cheating epidemic, sports rage, parental guilt, the black market for study drugs, and a college admissions process so cutthroat that students are driven to suicide and depression because of a B. With a compelling mix of fast-paced narrative and fascinating investigative journalism, *The Overachievers* aims both to calm the admissions frenzy and to expose its escalating dangers.

The White Eyelash Jan 28 2020 A poetry collection of “peculiar grace” from the National Book Critics Circle Award finalist author of

Dailies & Rushes (Brian Phillips, Poetry Magazine). Susan Kinsolving's first poetry collection, Dailies & Rushes, was hailed as a "brilliant debut" by the New York Times, and "grand and almost terrifying" by the New Yorker. In her new work, The White Eyelash, she turns the extremes of her recent experiences—especially those with her ageing, mentally ill mother—into poems of harsh factuality. This dark narrative sequence is highly contrasted by the humor presented in a section called "Light Fare & Oddballs." Once again, Kinsolving exhibits a daunting range

with signature style and substance. "[The White Eyelash] finds the poet remembering her trouble mother, concentrating on visual detail or pursuing light-verse forms and verbal games with a demotically highbrow, casual grace. . . . Often organized around colors . . . these poems show a love for beauty and a casual line reminiscent of Eamon Grennan's." —Publishers Weekly
