[Drowning Instinct](#) Jan 08 2021 There are stories where the girl gets her prince, and they live happily ever after. (This is not one of those stories.) Jenna Lord's first sixteen years were not exactly a fairy tale. Her father is a controlling psycho and her mother is a drunk. She used to count on her older brother—until he shipped off to Iraq. And then, of course, there was the time she almost died in a fire. There are stories where the monster gets the girl, and everyone cries for his innocent victim. (This is not one of those stories either.) Mitch Anderson is many things: A dedicated teacher and coach. A caring husband. A man with a certain...magnetism. And there are stories where it's hard to be sure who's a prince and who's a monster, who is a victim and who should live happily ever after. (These are the most interesting stories of all.) *Drowning Instinct* is a novel of pain, deception, desperation, and love against the odds—and the rules.

[Storm-Wake](#) Nov 06 2020 Moss has grown up on the strangest and most magical of islands. Her father has a plan to control the tempestuous weather that wracks the shores. Her complex feelings for Callan shift with every tide, while her love for the island, and her father, are thrown into doubt... And when one fateful day, a young man from the outside world washes up on the beach, speaking of the Old World, nothing will ever be the same. A dark reflection of Shakespeare's *The Tempest*, *Storm-wake* is one girl's voyage of discovery -- a mesmerizing tale of magic, faith, and love.

But on the brink of starvation and in the grip of a winter that just won't end, Alex discovers a new and terrible truth: The Changed are still evolving. And... they've had help.

[White Space](#) Feb 27 2020 In the tradition of *Memento* and *Inception* comes a thrilling and scary young adult novel about blurred reality where characters in a story find that a deadly and horrifying world exists in the space between the written lines. Emma Lindsay has problems: no parents, a crazy guardian, and all those times when she blinks away, dropping into other lives so surreal it's as if the story of her life bleeds into theirs. But one thing Emma has never doubted is that she's real. Then she writes "*White Space*," which turns out to be a dead ringer for part of an unfinished novel by a long-dead writer. In the novel, characters travel between different stories. When Emma blinks, she might be doing the same. Before long, she's dropped into the very story she thought she'd written. Emma meets other kids like her. They discover that they may be nothing more than characters written into being for a very specific purpose. What they must uncover is why they've been brought to this place, before someone pens their end.

[Monsters](#) Oct 05 2020 The Hunger Games mixes with *The Walking Dead* in this post-apocalyptic YA series that comes to a hair-raising conclusion in *Monsters*. The Changed are on the move. The Spared are out of time.

The End...is now. When her parents died, Alex thought things couldn't get much worse—until the doctors found the monster in her head. She headed into the wilderness as a good-bye, to leave everything behind. But then the end of the world happened, and Alex took the first step down a treacherous road of betrayal and terror and death. Now, with no hope of rescue—on the brink of starvation in a winter that just won't quit—she discovers a new and horrifying truth. The Change isn't over. The Changed are still evolving. And...they've had help. With this final volume of *The Ashes Trilogy*, Ilsa J. Bick delivers a riveting, blockbuster finish, returning readers to a brutal, post-apocalyptic world where no one is safe and hope is in short supply. A world where, from these ashes, the monsters will rise.

The Sin-Eater's Confession Mar 22 2022 People in Merit, Wisconsin, always said Jimmy was . . . you know. But people said all sorts of stupid stuff. Nobody really knew anything. Nobody really knew Jimmy. I guess you could say I knew Jimmy as well as anyone (which was not very well). I knew what scared him. And I knew he had dreams—even if I didn't understand them. Even if he nearly ruined my life to pursue them. Jimmy's dead now, and I definitely know that better than anyone. I know about blood and bone and how bodies decompose. I know about shadows and stones and hatchets. I know what a last cry for help sounds like. I know what blood looks like on my own hands. What I don't know is if I can trust my own eyes. I don't know who threw the stone. Who swung the hatchet? Who are the shadows? What do the living owe the dead?

After almost a decade of strife against foes such as the Borg, the Cardassians, the Klingons, and the Dominion, the United Federation of Planets is at the dawn of a new era. Starfleet is renewing its mission of peaceful exploration, diplomacy, and the expansion of knowledge. Among the starships spearheading that endeavor is the USS Titan, commanded by Captain William T. Riker and manned by the most biologically varied and culturally diverse crew in Starfleet history. But their mission does not begin according to plan. Competing factions now vie for control of their fragmenting civilization, and if the empire should fall, that entire area of the galaxy may destabilize. To restore order to the region, Titan's long-anticipated mission of exploration is delayed as Starfleet assigns Riker to set up power-sharing talks among the Romulan factions. But even as the first tentative steps are taken toward building a new Romulus, the remnants of the Tal Shiar, the dreaded Romulan intelligence service, are regrouping behind the scenes for a power play of their own. With no other help available, Riker and the Titan crew become the last hope to prevent the quadrant from falling into chaos.

Captain Garrett and her crew find themselves swept in to a maelstrom of kidnapping, extortion and murder -- as well as a desperate, secret struggle between the Qatala and its chief rival, the fledgling Orion Syndicate. And beneath the surface of the frozen world on which the proto-Cardassian discovery was made, another drama is playing out that will force Captain Garrett to make the most difficult decision of her career...amid ruins reputed to link the living with the dead.

hilarious take on zombie culture simultaneously skewers, pays tribute to, and elevates the horror genre. Seventeen-year-old Nero is stuck in the wilderness with a bunch of other juvenile delinquents on an "Inward Trek." As if that weren't bad enough, his counselors have turned into flesh-eating maniacs overnight and are now chowing down on his fellow miscreants. As in any classic monster flick worth its salted popcorn, plentiful carnage sends survivors rabbiting into the woods while the mindless horde of "infects" shambles, moans, and drools behind. Of course, these kids have seen zombie movies. They generate "Zombie Rules" almost as quickly as cheeky remarks, but attitude alone can't keep the biters back. Serving up a cast of irreverent, slightly twisted characters, an unexpected villain, and an ending you won't see coming, here is a savvy tale that that's a delight to read — whether you're a rabid zombie fan or freshly bitten — and an incisive commentary on the evil that lurks within each of us.
