Charles Bronson May 21 2022 This work covers Bronson's entire output in film and on television, and includes many film stills and photographs. Alphabetical entries list film or episode, complete cast and credits, and year of release. Accompanying each entry's plot synopsis and discussion is a survey of the critical responses to the work. The great Charles Laughton once said Bronson "has the strongest face in the business, and he is also one of its best actors." Pretty high praise for an actor who, though loved by fans worldwide, has been consistently underestimated by critics. Bronson's career has spanned five decades, from such television appearances in *The Fugitive*, *Rawhide*, *Bonanza* and *Have Gun, Will Travel* as well as the telemovie *A Family of Cops* (1995) and its two sequels. He will long be remembered for his role as urban vigilante Paul Kersey in the *Death Wish* films. Bronson is one of the most enigmatic, and also most recognizable, of all film stars.

Any Way I Can - Fifty Years in Show Business Feb 24 2020 Any Way I Can: 50 Years in Show Business presents the legendary life of veteran television and movie screenwriter John Gay, one of Hollywood's most prolific treasures. From an original comedy sketch that launched the broke fledgling actor and his new bride onto WOR-TV's first broadcast day on the air in 1949 to writing during the Golden Age of Television, John Gay's memoir details his breathtaking trajectory into Oscar-nominated feature films and Emmy Award-winning television shows. He began writing for television in 1951, when tvs were only in a few American homes and all programs were in black and white. He wrote several dozen episodes of various shows, and then he made the giant leap into films with the prestigious *Run Silent, Run Deep* (1958), which starred Clark Gable and Burt Lancaster. The next year, he was nominated for an Academy Award for *Separate Tables* (1959), which starred Rita Hayworth and Deborah Kerr. John also wrote yet did not receive credit for *Mutiny on the Bounty* (1962) and *How The West Was Won* (1962). That same year, he wrote the extremely popular *The Four Horsemen of the Apocalypse*, which starred Glenn Ford and Charles Boyer. John was much more than a great writer: he was a genuinely good man, who was hoisted into stardom by his writing of so many great screenplays and yet he maintained a good, solid relationship with his family during most of his career. Whether he was adapting Charles Dickens for the small screen, writing a docudrama without landing in jail, or sitting alongside Prince Rainier in Monaco at a performance of his one-man play, John lived show business any way he could and had an exciting run for fifty remarkable years. This richly researched autobiography is co-authored by Gay and his daughter, Jennifer (Gay) Summers, and the book includes a treasure trove of rare photos that capture the glamour and excitement of Hollywood and television's Golden Years.

Conversations With Mark Frost Jun 29 2020 Mark Frost, co-creator of both the original *Twin Peaks* and *The Return*, is often lost in the shadow of co-creator David Lynch in the eyes of critics and scholars—one newspaper even called him the "Other Peak." In fact, Frost played at least as crucial a role in developing the narrative, mythology, and aesthetic of what has come to be revered as one of the most artful and influential shows ever to air on television. This book, comprising a series of interviews with Frost over the course of a single

year, finally and fully acknowledges the extent of Frost's contributions not only to those series, but also to American television in general, as a writer/producer on Hill Street Blues and other shows, and as a mentor to numerous other writers. The book traces the arc of his entire life and career, from his boyhood days in New York, Los Angeles, and Minneapolis, to his nascent playwrighting career in Pittsburgh, to his days as a writer at Universal TV's famed factory of the seventies, to his work on Hill Street Blues alongside such industry titans as Steven Bochco and David Milch, to his multiple collaborations with the famously enigmatic Lynch. Conversations with Mark Frost "deconstructs that legendary partnership, while at the same time exploring Frost's values, influences, thematic preoccupations, and approach to creating art — for the screen, the stage, and the printed page — as well as his thoughts about such topics as politics, extraterrestrial life, ethics, and the future of the human race. The book is presented in Q+A form, so that readers get to hear all this from Frost himself. So pull up a chair at the Double R and grab some coffee, pie, and conversation.

The Ultimate Biography Of The Bee Gees: Tales Of The Brothers Gibb Jan 05 2021 The definitive biography, now updated to include the death of Robin Gibb in May 2012. The Bee Gees' journey from Fifties child act to musical institution is one of pop's most turbulent legends. Barry, Maurice and Robin Gibb somehow managed to survive changing musical fashions and bitter personal feuds to create musical partnership that has already lasted four times as long as The Beatles. Described by the authors as their objective tribute, this unflinching biography chronicles everything - the good, the bad... and the bushed-up. Youthful delinquency, disastrous marriages, bitter lawsuits, gay sex scandals, serious drug problems and the death of younger brother Andy have sometimes made the personal lives of the Brothers Gibb look as bleak as the low spots of a career that once reduced them to playing the Batley Variety Club. Yet every time the Bee Gees roller coaster seemed derailed for good, they recorded and went on to even greater triumphs. Today they are revered among pop music's all-time great performers, producers and songwriters. But the true story of their success and the high price they paid for it has never been fully revealed... until now. This new edition of *The Ultimate Biography* incorporates a complete listing of every song written or recorded by the Gibbs.
