Listening Prayer Feb 17 2022 When you come to pray, talk less and listen more! Prayer is supposed to be a dialogue, not a monologue! In this latest masterpiece from bestselling author, Daniel Okpara, you'll discover that most of your prayers have been answered. Most times what you need is to listen. That's how to turn your prayer points into visible answers. He says: "My life changed completely when I stopped seeing God as the one responsible for my unanswered prayers. I learned that all my prayers are quickly turned from praying to manifestation when I listen and receive instruction than when I continue to beg and wait." Listening in the place of prayer is the most powerful way to receive answers to your prayers. Fortunately, listening is not rocket science. Everyone can listen when they pray and, in turn, receive the answers to their prayers. In this book, you will learn from true-life stories that this is the greatest mystery of receiving answers not often practised by many of us in prayers. This mystery is responsible for why we spend months and years praying, and it would seem as if God is not answering our prayers. And when you master this mystery and listen more in prayers, you will begin to pray... => Prayers that work, => Prayers that move mountains, => Prayers that heal the sick, => Prayers that rout demons and obtain breakthrough, => Prayers that command financial blessing, => And lots more. Your life will not remain the same again.

400 Questions & Answers About the Old Testament Aug 23 2022 We do not know what is in [the Old Testament], and therefore we speculate about the things that we ought to have found in the scriptures themselves. I think that therein is one of our biggest dangers of today.—President Harold B. Lee Of all the standard works, the books of the Old Testament often seem most shrouded in mystery. Unfamiliar vocabulary, cultural references, and symbolism can feel like a daunting prospect for gospel study. So how can members of the Church avoid the spiritual pitfalls of misunderstanding these books of scripture? The answer lies in taking the time to decipher the text, one topic at a time. The Quakers Apostasie from the Perfect Rule of the Scriptures Discovered, Etc Aug 31 2020

The Bible's Amazing Hidden 2% Jul 18 2019 My background is that I am a licensed civil engineer, a pastor, a professor of theology, a university president, and a missionary. As a young theology student reading the Bible, I found many verses of Scripture that I could not fully understand. In going to commentaries and speaking with professors, I did not receive the answers that I was looking for. This book is an attempt to look at many of the problem areas of the Scriptures and to find the reasons why they appear in the Bible. I found that only about 2 percent of the Bible begins to open the door to the real meanings of heaven, hell, eternity, angels, demons, etc. This 2 percent is important for us to correctly realize that God does not expect us to understand more than what He has given in His Word. Our Heavenly Father has revealed to us what we need to know while here on earth. The Bible begins with creation and ends with the final judgment. Above us is heaven and below us is hell. This book gives a diagram which shows us the area of interest in his revealed Word. What exists outside of this area of revelation is unknown to us because God decided not to reveal all to us. Much of my ministry has been working with university students in many countries. They often look at these problem scriptures and need good answers but seldom get them, such as the whole concept of creation. Realizing that the Bible is not a book of science but a book that shows us how to live, I feel that there is a good explanation that students can and will accept. I am convinced that it will never be possible for us to fully understand all of God's Word, but in looking at these problem verses and understanding why they have been given, we come to the conclusion that much of the Bible will never be truly understood while we live here on earth. However, many of these verses open the door to even a greater understanding, and that is for us to know how truly great our God is.

What Do the Scriptures Say About the Last Days? Nov 21 2019 For centuries, Christians have discussed and looked forward to The Second Coming of Jesus Christ. The Second Coming of Jesus Christ. However, recent generations have grown apathetic. Many people no longer believe in Christ's return. Others insist that, the Second Coming is in the very distant future. This theory was common among Christians until the mid 20th Century when the signs Christ related in the Bible, Book of Mormon and Doctrine and Covenants began to appear. Today only two signs, of 26 foretold signs, remain to be fulfilled. The Antichrist must reveal himself. The Jewish temple must be rebuilt in Jerusalem. When these two events occur, the world will be plunged into an unprecedented period of tribulation. Christians and Jews will be targeted for annihilation and the events described by Christ in Matthew 24 (New Testament of the Bible) will be fulfilled. We no longer have the luxury of waiting to prepare for the end times. They are almost here. Those who fail to understand will find themselves in a situation beyond their control. The only answer is, to have or to develop, a close and personal relationship with Jesus Christ. This book organizes scripture warning signs that people can study to decide for them-selves, whether these prophesied events should concern them today. This book also provides scriptures with hope for the future.

A Man With Issues Jun 28 2020 Several years ago, I was inspired by the Lord to write a book to assist women in understanding themselves, and also to bring clarity to some of the spiritual, mental, and emotional challenges that they deal with. After writing the book, the Lord spoke to me once again, asking, What about my men? Unhealthy men with healthy women will still produce an unhealthy home. So, it is necessary that a book be written to address the issues of men. No one book can assist in understanding some of the issues that we face as men. Men can be complicated to understand and to add to the frustration, some men cannot even understand themselves. This book is an attempt to assist others in understanding men as well as themselves. As you read this information, bear in mind I've gathered

information from many years of counseling, and from the advice of others that I believe can aid me in making this book a helpful tool in understanding men. This book is not just for men; it can be an effective tool in assisting women in answering questions that they have wanted answered for millennia. Questions that have not been able to be properly addressed without feeling awkward or even stupid. As you read this book, also bear in mind there are issues that are not addressed in this book. But simply prayer and the Bible are the most effective tools in your quest for understanding. The information in this book is just that. It covers a wide range of topics, but the source of our answers is the Holy Bible itself. It is only when we

search the scriptures that we can find the answers needed, because it is the handbook that comes with the man that God created. The Man with Issues is a tool to assist in finding the answers in the scriptures. The scriptures sometimes can contain information that is hidden and those not aware of the biblical order may not be able to find it. As we search through this book, let's do so with a mind to change certain behaviors that have crippled man, and in some cases, have crippled families and generations due to failure to really understand men with issues.
