Ethics, Integrity and Aptitude General Studies-IV (GS-4) Solved Papers: Civil Services Mains (2013-2019) Oct 01 2022 This book contains model answers to the questions and case studies asked in General Studies-IV (GS-4) Civil Services Mains Paper from 2013 to 2019 with detailed information on the background/framework of the question/likely answer. It is important to note that as a subject in Civil Services Examination, GS-4 is the only subject where we have comparatively well defined syllabus and paper pattern. Because of this, each individual can score good marks in the paper with lesser efforts as compared to other General Studies Papers, i.e. if you dedicate 15-20 days to this subject, you will not just learn about the complete subject but you can score much more as compared to other General Studies paper, as they require much more time because of their dynamic nature. If we consider the previous year question Papers of General Studies-IV, the questions were divided into two parts as: 1. Theory-based Questions (based on the theoretical

aspects of the ethics), and 2. Case Studies (based on the actual or probable life situations). The answers are divided into two portions with first one detailing about the framework of the answer or background of the question, giving details about the basic idea of the question or the form of case study. The second part is the model answer giving wider inputs on the question. We hope that wider considerations will help the reader in understanding the question and how to structure the answer, based on the question.

India Since Independence Apr 26 2022 A thorough and incisive introduction to contemporary India The story of the forging of India, the world's largest democracy, is a rich and inspiring one. This volume, a sequel to the best-selling India's Struggle for Independence, analyses the challenges India has faced and the successes it has achieved, in the light of its colonial legacy and century-long struggle for freedom. The book describes how the Constitution was framed, as also how the Nehruvian political and economic agenda and basics of foreign policy were evolved and developed. It dwells on the consolidation of the nation, examining contentious issues like party politics in the Centre and the states, the Punjab problem, and anti-caste politics and untouchability. This revised edition offers a scathing analysis of the growth of communalism in India and the use of state power in furthering its cause. It also documents the fall of the National Democratic Alliance in the 2004 General Elections, the United Progressive Alliance's subsequent rise to power and the Indo-US Nuclear Deal that served to unravel the political consensus at the centre. Apart from detailed analyses of Indian economic reforms since 1991 and wide-ranging land reforms and the Green Revolution, this new edition includes an overview of the Indian economy in the new millennium.

These, along with objective assessments of Jawaharlal Nehru, Indira Gandhi, Jayaprakash Narayan, Lal Bahadur Shastri, Rajiv Gandhi, Vishwanath Pratap Singh, Atal Bihari Vajpayee and Manmohan Singh, constitute a remarkable overview of a nation on the move.
