author of *Daring Democracy* and *Diet for a Small Planet*. Americans agree on very little these days, but red state conservatives and blue state progressives can agree on one critical point: Wall Street can no longer be trusted. Yet most of us continue to invest our money in the stocks and bonds of Fortune 500 companies, transferring our capital far from where we live and work. Local investing expert Michael Shuman offers another alternative. He shows how we can use two well-established—but rarely used—investment tools to keep our money close and get a return as good as or better than what we'd get investing in distant, indifferent corporations. Shuman explains the nuts and bolts of self-directed IRAs and solo 401(k)s and how they can be combined with other recently legalized local investing tools. He details how to set these accounts up, identify and evaluate a whole range of local investment opportunities, and make sure account holders stay on the right side of the law. While the book is written for people without a lot of investment experience—Shuman explains concepts like “liquidity” and “diversification” in simple terms—even if you're as experienced as Warren Buffett, this book will make you rethink everything you know about investing. With Shuman's expert advice, you can strengthen your investment portfolio and your community, neighborhoods, and schools at the same time!

The End of Your Life Book Club Oct 21 2021 “What are you reading?” That’s the question Will Schwalbe asks his mother, Mary Anne, as they sit in the waiting room of the Memorial Sloan-Kettering Cancer Center. In 2007, Mary Anne returned from a humanitarian trip to Pakistan and Afghanistan suffering from what her doctors believed was a rare type of hepatitis. Months later she was diagnosed with a form of advanced pancreatic cancer, which is almost always fatal, often in six months or less. This is the inspiring true story of a son and his mother, who start a “book club” that brings them together as her life comes to a

conversations that are both wide-ranging and deeply personal, prompted by an eclectic array of books and a shared passion for reading. Their list jumps from classic to popular, from poetry to mysteries, from fantastic to spiritual. The issues they discuss include questions of faith and courage as well as everyday topics such as expressing gratitude and learning to listen. Throughout, they are constantly reminded of the power of books to comfort us, astonish us, teach us, and tell us what we need to do with our lives and in the world. Reading isn't the opposite of doing; it's the opposite of dying. Will and Mary Anne share their hopes and concerns with each other—and rediscover their lives—through their favorite books. When they read, they aren't a sick person and a well person, but a mother and a son taking a journey together. The result is a profoundly moving tale of loss that is also a joyful, and often humorous, celebration of life: Will's love letter to his mother, and theirs to the printed page. This eBook edition includes a Reading Group Guide.

My Life in Houses Nov 02 2022 'I was born on 25th May, 1938, in the front bedroom of a house in Orton Road, a house on the outer edges of Raffles, a council estate. I was a lucky girl.' So begins Margaret Forster's journey through the houses she's lived in, from that sparkling new council house, to her beloved London home of today. This is not a book about bricks and mortar though. This is a book about what houses are to us, the effect they have on the way we live our lives and the changing nature of our homes: from blacking grates and outside privies; to cities dominated by bedsits and lodgings; to the houses of today converted back into single dwellings. Finally, it is a gently insistent, personal inquiry into the meaning of home.

needs no one. His life has slowed almost to a standstill until two incidents conspire to hurl him back into the world. One day he wakes up with a knotty cramp in his back, which rapidly develops into an all-consuming pain. At the same time a wide sinkhole appears outside his living-room window, threatening the foundations of his house. A vivid novel about compassion and transformation, *This Book Will Save Your Life* reveals what can happen if you are willing to open yourself up to the world around you. Since her debut in 1989, A. M. Homes has been among the boldest and most original voices of her generation, acclaimed for the psychological accuracy and unnerving emotional intensity of her storytelling. Her keen ability to explore how extraordinary the ordinary can be is at the heart of this touching and funny novel, which was shortlisted for the Richard & Judy Book Club in 2007.

[My Life in the Sunshine](#) Oct 09 2020 "Nabil traces the image of his father through song. With growing fascination and heartbreak, he draws out meaning from the shadow of absence, and ultimately redefines what it means to be a family." - Michelle Zauner, New York Times bestselling author of *Crying in H Mart* and Grammy nominated musician Japanese Breakfast A memoir about one man's journey to connect with his musician father, ultimately re-drawing the lines that define family and race. Throughout his adult life, whether he was opening a Seattle record store in the '90s or touring the world as the only non-white band member in alternative rock bands, Nabil Ayers felt the shadow and legacy of his father's musical genius, and his race, everywhere. In 1971, a white, Jewish, former ballerina, chose to have a child with the famous Black jazz musician Roy Ayers, fully expecting and agreeing that he would not be involved in the child's life. In this highly original memoir, their son, Nabil Ayers, recounts a life spent living with the aftermath of that decision, and his journey to build an identity of his own despite and in spite

handful of times. But Roy's influence is strong, showing itself in Nabil's instinctual love of music, and later, in the music industry—Nabil's chosen career path. By turns hopeful--wanting to connect with the man who passed down his genetic predisposition for musical talent—and frustrated with Roy's continued emotional distance, Nabil struggles with how much DNA can define a family... and a person. Unable to fully connect with Roy, Nabil ultimately discovers the existence of several half-siblings as well as a paternal ancestor who was enslaved. Following these connections, Nabil meets and befriends the descendant of the plantation owner, which, strangely, paves the way for him to make meaningful connections with extended family he never knew existed. Despite his father's absence, Nabil, through sheer will and a drive to understand his roots, re-draws the lines that define family and race.

For the first time and in raw detail, Nooyi also lays bare the difficulties that came with managing her demanding job with a growing family, and what she learned along the way. A Doctor in the House Apr 26 2022 "The life of a neurosurgeon isn't an easy one, and Ben has been required to go above and beyond the call of duty almost constantly. The life of a neurosurgeon's wife isn't much easier. But it's all been worth it. Together, we've been through poverty, tragedy, wealth, and joy, and we've had each other's backs. I love that guy!" —CANDY CARSON Like most Americans, you might think of Ben Carson as a trailblazing brain surgeon and, in the last few years, as an outspoken commentator on national issues. But his wife of more than forty years knows him as so much more: a loving husband, a devoted father, a devout Christian, a committed philanthropist, and a fierce patriot. Now Candy Carson introduces us to the private side of a very public figure as she shares the inspiring story of their marriage and their family. Like her husband, Candy grew up in Detroit, one of five children of a teacher and a factory worker. Also like Ben, she overcame her humble background through determination, hard work, and perseverance, earning a scholarship to attend Yale University. In that strange new world she focused on her studies, her music, and her deepening spiritual life. She attended church with a handsome older student who liked to tease her, but never assumed he would be anything

Best Seat in the House Feb 22 2022 For 15 years, Tom Stephen had the unique distinction of being both drummer and manager of the Jeff Healey Band. The dual role was fraught with conflicts of interest. One minute, he was leading the debauched life of a rock musician; the next, he was disciplining the band for the havoc they caused. But few knew or understood Jeff Healey — a national icon and one of the world’s best blues guitarists — better. Funny and loyal, with a luminous mind and staggering talent, Healey was also provincial, stubborn, obnoxious, and antagonistic. This book explores both sides with honesty, clarity, and humor and reveals what life for the band was really like: Jeff challenging ZZ Top to a bowling competition — and winning; Bill Clinton inviting the band to the White House, and enjoying a special audience with Queen Elizabeth II. To say nothing of the legendary guitarist’s interactions with Bob Dylan, George Harrison, Keith Richards, and more... Tom Stephen was there for it all. He believes that young fans deserve to experience Healey’s brilliance — to understand the complicated man behind those timeless sounds. Best Seat in the House offers an authentic perspective that fans won’t find elsewhere.

Living My Life Apr 02 2020 The autobiography of the early radical leader and her participation in communist, anarchist, and feminist activities

Life Would Be Perfect If I Lived in That House Nov 21 2021 From the acclaimed author and columnist: a laugh-out-loud journey into the world of real estate—the true story of one woman's "imperfect life lived among imperfect houses" and her quest for the four perfect walls to call home. After an itinerant suburban childhood and countless moves as a grown-up—from New York City to Lincoln, Nebraska; from the Midwest to the West Coast and back—Meghan Daum was living in Los Angeles, single and in her mid-thirties, and devoting obscene amounts of time not to her writing career or her dating life but to the pursuit of property: scouring Craigslist, visiting open houses, fantasizing about finding the right place for the right price. Finally, near the height of the real estate bubble, she succumbed, depleting her life's savings to buy a 900-square-foot bungalow, with a garage that "bore a close resemblance to the ruins of Pompeii" and plumbing that "dated back to the Coolidge administration." From her mother's decorating manias to her own "hidden room" dreams, Daum explores the perils and pleasures of believing that only a house can make you whole. With delicious wit and a keen eye for the absurd, she has given us a pitch-perfect, irresistible tale of playing a lifelong game of house.

Eventually one rescue kitten became five, and all the ups and downs of a life with cats are lovingly depicted here: From the obsessive cat who teaches himself to play fetch and demands it morning, noon, and night from his hapless human mom; to the crafty white beauty who raises outside-the-litter-box thinking to the level of an art form; to the routine vet trip that turns into a hijinks-filled misadventure on the streets of Manhattan with three (VERY cranky!) felines in tow. There'S More to Life Than a House in Goa Nov 29 2019 When her mother passed away, author Heta Pandit found herself the owner of four historic houses. All of Pandits conversations revolve around her four houses: their upkeep, their leaking roofs, their Minton floors, their refurbishments, their stories, and the spirits that inhabit them. In *Theres more to Life than a House in Goa*, she offers a personal history of the houses she owns in Mumbai, Panchgani, and Goa in India. Interwoven with the stories of several generations, this memoir is not just about houses, but it also shares a capsule on social history at a micro level. It provides a reflection of the eccentricities and quirks of the extraordinary community of Parsis, immigrants from Iran, and their adaptation to the social and cultural customs in the land of their adoption. *Theres more to Life than a House in Goa* talks about personal history and recalls family values, remembering the way things were. After all, the stories of the houses are also the stories of the people who inhabit them.

TRANSFORMATIVE ACT OF RESTORING ONE HOUSE IN PARTICULAR. "I think anyone who saves an old house has to be a caretaker at heart, a believer in underdogs, someone whose imagination is inspired by limitations, not endless options." In this mesmerizing memoir-in-essays, Erica Bauermeister renovates a trash-filled house in eccentric Port Townsend, Washington, and in the process takes readers on a journey to discover the ways our spaces subliminally affect us. A personal, accessible, and literary exploration of the psychology of architecture, as well as a loving tribute to the connections we forge with the homes we care for and live in, this book is designed for anyone who's ever fallen head over heels for a house. It is also a story of a marriage, of family, and of the kind of roots that settle deep into your heart. Discover what happens when a house has its own lessons to teach in this moving and insightful memoir that ultimately shows us how to make our own homes (and lives) better.

The Fight of My Life Mar 02 2020 They say that Ted Bundy started his killing spree in 1974, in the state of Washington. When he tried to get me in the car, it was in 1965, nine years earlier! He was approximately eighteen and I was twenty-one. I saw the horror in his face at this time! I'm sure that I wasn't his first intended victim. Ted Bundy's horror would have been over in a couple days; others can put us through misery for years. Even sabotage us to protect themselves while the blame will be put on us and no one cares. Why?

energy after all these years, I always say: Because I travel. Taking to the road—by which I mean letting the road take you—changed who I thought I was. The road is messy in the way that real life is messy. It leads us out of denial and into reality, out of theory and into practice, out of caution and into action, out of statistics and into stories—in short, out of our heads and into our hearts. Gloria Steinem had an itinerant childhood. When she was a young girl, her father would pack the family in the car every fall and drive across country searching for adventure and trying to make a living. The seeds were planted: Gloria realized that growing up didn't have to mean settling down. And so began a lifetime of travel, of activism and leadership, of listening to people whose voices and ideas would inspire change and revolution. My Life on the Road is the moving, funny, and profound story of Gloria's growth and also the growth of a revolutionary movement for equality—and the story of how surprising encounters on the road shaped both. From her first experience of social activism among women in India to her work as a journalist in the 1960s; from the whirlwind of political campaigns to the founding of Ms. magazine; from the historic 1977 National Women's Conference to her travels through Indian Country—a lifetime spent on the road allowed Gloria to listen and connect deeply with people, to understand that context is everything, and to become part of a movement that would change the world. In prose that is revealing and rich, Gloria reminds us that living in an open, observant, and "on the road" state of mind can make a difference in how we learn, what we do, and how we understand each other. Praise for My Life on the Road "This legendary feminist makes a compelling case for traveling as listening: a way of letting strangers' stories flow, as she puts it, 'out of our heads and into our hearts.'"—People "Like Steinem herself, [My Life on the Road] is thoughtful and astonishingly humble. It is also filled with a sense of the momentous while offering deeply personal insights into

on restlessness and the quest for equity . . . Part of the appeal of My Life is how Steinem, with evocative, melodic prose, conveys the air of discovery and wonder she felt during so many of her journeys. . . . The lessons imparted in Life on the Road offer more than a reminiscence. They are a beacon of hope for the future.”—USA Today “A warmly companionable look back at nearly five decades as itinerant feminist organizer and standard-bearer. If you’ve ever wondered what it might be like to sit down with Ms. Steinem for a casual dinner, this disarmingly intimate book gives a pretty good idea, mixing hard-won pragmatic lessons with more inspirational insights.”—The New York Times “Steinem rocks. My Life on the Road abounds with fresh insights and is as populist as can be.”—The Boston Globe

Shell Shocked Sep 27 2019 (Book). If Howard Kaylan had sung only one song, the Turtles' 1967 No. 1 smash hit "Happy Together," his place in rock-and-roll history would still be secure. But that recording, named in 1999 by BMI as one of the top 50 songs of the 20th century, with over five million radio plays, is only the tip of a rather eye-opening iceberg. For nearly five decades, Howard Kaylan has been a player in the rock-and-roll revolution. In addition to his years with the Turtles, Kaylan was a core member of Frank Zappa's Mothers of Invention and the dynamic duo Flo and Eddie, and part of glam rock history with Marc Bolan and T. Rex. He's also given street cred and harmonies to everyone from John Lennon, Bruce Springsteen and Alice Cooper to the Ramones and Duran Duran, to name just a few. Howard Kaylan's life has been a dangerous ride that he is only too happy to report on, naming names and shedding shocking tales of sex, drugs, and creative excess. *Shell Shocked* will stand alone as not only one of the best-told music-biz memoirs, but one with a truly candid and unmatched story of rock-and-roll insanity and success from a man who glories in it all.
